PRESIDENT BUSY UNABLE TO SPEAK

Declines to Reconsider Engagement With Waterways Association.

HIS POLICY FOR THE FUTURE

Inclined to Give His Position on Conservation—Candidates for New York Governorship Talked Over With President.

Beverly, Mass., Aug. 1.—President Taft followed up today the recent cancellation of his Western and Southern engagements by announcing that his speeches of the future will be few and far between. He politely but firmly told a committee of citizens from Providence, R. I., that he could not reconsider the cancellation of his engagement to speak before the Atlantic Deeper Waterway Association in that city in September. Mr. Taft expressed regret, but said that important matters of public business would claim his attention from now until the convening of Congress.

The President did not give a definite answer today to Governor Eberhardt, of Minnesota, and a delegation of 15 representative men of St. Paul, who came to urge him to accept the invitation to speak before the National Conservation Congress in that city September 5th. Mr. Taft is inclined to accept this invitation.

The President is anxious that his position on conservation shall be fully understood. He contemplates devoting a large proportion of his coming message to Congress to this subject. If he goes to St. Paul he will simply write the conservation feature of his message in advance and deliver it in an address before the Conservation Congress.

The President's only definite speaking engagement, as matters now stand, is at Provincetown, on Friday, when the Pilgrims monument is unveiled.

New York State politics brought Vice President Sherman and William L. Ward, Republican National Committeeman for that State, to Beverly late today and were in conference with the President for an hour or more. The visit had to do almost wholly with the situation in New York. General politics also was discussed that the President found his visitors quite optimistic, he said, over the outlook.

Candidates for the New York Governorship were talked over with the President. Among those mentioned were Clark Williams, of Albany; State Superintendent of Banking, and Henry L. Stimson, former United States district attorney and now in charge of sugar trust prosecutions. The President is said to have confirmed to his New York callers the position he took in the Ohio State fight, that of keeping "hands off." The President said that he was interested, of course, in the choice of a good man to head the State ticket, but he would leave the selection to the State convention.

As to the influence of Col. Theodore Roosevelt in New York politics, there is every reason to believe that the State leaders fully recognize its potency.

This phase of the situation entered into today's conference at Burgess Point and President Taft was told that it is the hope of the New York Republicans that a candidate may be selected upon whom all factions can unite and who will command the approval and support of the President, Governor Hughes and Col. Roosevelt.

The Vice President and Mr. Ward told the President that there had been no crystalization of sentiment in favor of any man as yet. The State convention is not to be held until the latter part of September and the leaders feel there is plenty of time to work out the situation. William Loeb, Jr., collector of the port of New York, apparently has removed himself from consideration for the governorship by the announcement that he does not care for the nomination. His name was not discussed today.

President Taft has received a number of letters of late urging the appointment of Associate Justice Harlan as Chief Justice of the United States Supreme Court. Other letters have been coming in recommending various lawyers and judges for the two vacancies on the Supreme Court bench. All of these communications are being indexed and filed away for reference when the President takes up the matter of appointments.

STANDARDIZING OF COTTON.

System of Agricultural Department Will be in Operation Soon.

Washington, Aug. 1.—The system of standardizing of cotton devised by the Department of Agriculture probably will be in very general operation in all cotton exchanges by September 1st. The Bureau of Plant Industry of the Department which daily is sending out sets of samples of various grades of cotton that have been selected as standards, expects that before the end of the present month the exchanges will be supplied sufficiently to permit transactions to be made upon the basis of the proposed standards.

While there is no legal power for the enforcement of these new standards on the cotton exchanges it is believed that there will be no opposition to making the system universal.

JEALOUSY CAUSED DOUBLE TRAGEDY

Prominent Virginia Physician and Woman Killed By the Bullet.

ON EVE OF HIS MARRIAGE

Affair Caused Sensation in Pittsburg Where Doctor Practiced in Fashionable Circles—A Virginia Belle Awaited Him.

Pittsburg, Pa., Aug. 1.—Dr. George Murray Stewart, one of the most prominent young physicians of the fashionable East Liberty district, was found shot dead in his apartments at 5604 Penn avenue at 11 o'clock tonight and beside him lay the body of Edna Wallace, a middle aged woman. A shot through her right temple was apparently self inflicted after she had shot and killed the doctor. A revolver lying by the woman's side strengthens the police in this theory.

The double killing comes almost on the eve of Dr. Stewart's marriage to a Virginia belle. The Wallace woman is proprietress of a house at 222 Lambert street, and the police believe that jealousy of the doctor's coming marriage prompted the double tragedy. The woman's body was removed to the morgue and that of the young physician was turned over to an undertaker.

Both bodies were found in bed. The police believe the shooting occurred late last night or early this morning.

Dr. Stewart was a graduate of the College of Physicians and Surgeons of Baltimore. He was but 27 year old and although in practice but three years he had become well known in the East Liberty section, having succeeded to a large practice held by his uncle, Dr. E. C. Stewart. He is said to have come from a prominent family at Winchester, Va.

The discovery of the bodies was made by Dr. George W. Ely, a friend of the dead man, who, becoming alarmed at Dr. Stewart's whereabouts, broke into his apartments tonight. Neither body was clothed. Dr. Stewart was to have been married August 10th.

SCHUECH TAKEN IN CUSTODY.

Held as Important Witness in Louisiana Cotton Cases.

New York, Aug. 1.—Fred Schuech, of the New Orleans firm of Scheuch & Company, was taken into custody her today by United States Marshal Henkel on a writ of attachment signed by United States District Attorney W. D. Frazer, of the Eastern division of the Northern District of Mississippi, and taken to the Federal building.

It is understood his presence is desired in Louisiana in important cotton cases.

In the writ the Mississippi district attorney says Scheuch is wanted in Louisiana as a material witness in a cotton case which came before the grand jury in Aberdeen, Miss., on October 3rd. Scheuch is under $5,000 and it is charged that he is preparing to leave for France. Bail was furnished by a surety company for his appearance before the Federal grand jury at Aberdeen and he was released.

GANS "COMES BACK" TO DIE.

Former Lightweight Champion Leaves West for Baltimore.

Prescott, Ariz., Aug. 1.—Joe Gans, the former lightweight champion, who has been in this city for months critically ill with consumption left here tonight for his old home in Baltimore. His physician stated that his condition was unchanged.

Gans said: "I know that I am going to die and for the time I am growing weaker day by day. I want to see mother and the two children in Baltimore before I die. I did not realize my condition. My last two fights broke down my constitution and made me an easy victim for consumption."

Dr. H. H. Crippen, Murdered Wife And Chase Across The Sea

WORLDWIDE SEARCH ENDED ON SUNDAY

American Dentist and Typist Arrested as Steamer Montrose Reached Father Point, Quebec—Young Woman Dressed as Boy and in Charge of Crippen—Arraigned Yesterday at Quebec Before Magistrate.

Father Point, Que., July 31.—Dr. Hawley Harvey Crippen and Ethel Clare Leneve, his stenographer, who fled from London, after the disappearance of Belle Elmore, the doctor's wife, were arrested here today aboard the Canadian Pacific liner Montrose, at the command of Inspector Dew, of Scotland Yard.

The identification of the long-sought fugitives on board the fog-shrouded steamer by the English detective, who had raced across the Atlantic ahead of the Montrose, marked the culmination of one of the most sensational flights in recent criminal annals. Accompanied by two Canadian officers, Dew boarded the vessel at 8:30 o'clock this morning, and 15 minutes later both man and girl were locked in their staterooms. Crippen, broken in spirit, but mentally relieved by the relaxed tension, the girl, garbed in boy's clothes, sobbing hysterically. They were no longer the "Rev. John Robinson and son," as booked from Antwerp on July 20th.

To Quebec Jail.

After brief delay, the Montrose continued her 160 mile journey up the river towards Quebec, where jail awaited the pair. Crippen is charged with the murder of an unknown woman, believed to have been his actress wife. The girl is held as an accessory. In charge of Inspector Dew, they will be taken back to England for trial.

Seldom has there been a scene surrounding the pursuit of a criminal so pregnant with dramatic features as that enacted off this settlement this morning. Inspector Dew had spent a sleepless night at the Marconi operator's side communicating, through the fog, with the liner that bore the man and woman he sought. The man having lied to him in London, by fleeing the city with the mystery of Belle Elmore's disappearance unsolved, a strong personal feeling entered into the case, accentuating the detective's desire to carry out the task assigned to him by Scotland Yard.

Back to England Aug. 18th.

Quebec, Aug. 1.—Probably not before August 18th will Dr. Crippen and Miss Leneve be taken aboard a trans-Atlantic liner bound for England, there to stand trial jointly accused of murdering a woman believed to have been Belle Elmore, the doctor's American wife. The criminal law of the British possessions established this today when the haggard dentist, whose flight ended so dramatically aboard the steamer Montrose yesterday morning was arraigned before a magistrate and remanded until August 18th. The girl was too ill to appear, but if her condition improves she may be brought into court tomorrow.

Crippen will not fight extradition. He is a man exhausted; and he has sunk into the quick sands of the law without a struggle. Of the girl's attitude less is known. She is still broken in body and spirit, alternately shaken with sobs or silently morose. Her relatives in London are beseeching her by cable to tell all, and the Quebec police are treating her with a gentleness rarely accorded a prisoner, even a woman.

Forced through a curious crowd, Crippen was taken today before the Provincial Court of Special Sessions, where he was formally questioned as to his identity and notified that he was under arrest fo the murder of an unknown woman. Remanding him to August 8th was purely perfunctory as he and his companion, under the fugitive offenders' act, must remain here at least 15 days. On the eighth, he likely will be remanded again until the 15th and the first available vessel for England will not depart until three days later.

By that time Detective Mitchell, from Scotland Yard, will have arrived bringing a formal application for extradition although this application probably will not be necessary in view of the accused man's declaration that he will raise no obstacles to check his return.

Sergeant Mitchell will aid Inspector Dew in taking the prisoners back for trial.

It was a broken man that stood today before Judge Angers in the Provincial Court of Special Sessions. In a voice so weak that it scarcely reached the bench, he answered the formal questions put to him. The proceedings were brief.

When brought to the bar Crippen was heavily manacled, the steel bracelets weighing down his wrist. It was apparent he had passed a bad night.

The judge asked the prisoner if he was Hawley H. Crippen.

"I am", said Crippen.

"Do you know this man?" indicating Inspector Dew.

Crippen nodded his head.

"Are you ready to go back with him or any other qualified officer?"

"Yes."

"Do you intend to fight extradition?"

"No."

As he answered the questions Crippen scarcely raised his head. To further interrogatives he said he was a citizen of the United States, born in Michigan.

When the judge asked: "Who is the girl arrested with you; Miss Ethel Clare Leneve?" the doctor replied "Yes." His response was in the most colorless tone.

Although Crippen was the center of attention when arraigned, perhaps the most interesting development of the day was the extremely liberal treatment of Miss Leneve by the police. Like Crippen, she is accused of murder, but the girl was seen today enjoying the freedom of the house of Chief of Police McCarthy. When taken from jail today it was announced that she had, because of her weak condition, been transferred to a hospital, but this proved to be incorrect. She is back in jail tonight under the care of a physician.

Many persons believe the police are so markedly lenient with Miss Leneve not only because they pity her plight, but also because they believe she is Crippen's dupe and that she may turn against him on the witness stand. This is the course her relatives in London are urging her to take as several cablegrams received today made apparent.

Crippen occupies a cell in the provincial jail on the heights east of the city overlooking the St. Lawrence river.

He is not in chains and for several hours today he was permitted to exercise in the corridor.

Thus far Crippen has been a model prisoner, making no requests and giving the keepers no worry.

Inspector Dew, whom Scotland Yard put on Crippen's track when the wireless from Capt. Kendall, of the Montrose, brought word that the dentist was aboard, is resting here after his labors, an object of curiosity to residents and tourists. Now that the fugitives are in prison, the inspector's responsibility is suspended not to be resumed again until they start back to London.

A London dispatch says Miss Leneve's relatives have retained counsel here to defend her, but on this point the police have received no official information.

Talks with the crew and stewards of the Montrose threw interesting side light on the actions of the pair on the voyage from Antwerp. Dominick Keen, the steward who looked after their stateroom, had the best opportunity for observing their actions. He said:

STATE COMMITTEE TAKES UP MATTER

Sub-Committee to Report on Sixth District Congressional Affair.

ELLER RE-ELECTED CHAIRMAN

Walter E. Brock, of Anson, Secretary. Uniform Legalized Primary Favored in Resolution—Hon. F. D. Winston Presiding.

(Special Star Telegrom.)

Raleigh, N. C., Aug. 1.—During a meeting of the State Democratic Executive Committee tonight, continuing from 8 to 11 o'clock and very largely attended, A. H. Eller was re-elected chairman unanimously and W. E. Brock, of Anson county, was chosen as secretary, Col. A. J. Field having declined to serve longer owing to the press of his duties as secretary to Governor Kitchin.

The committee considered at length the situation in the Sixth Congressional district with the result that a special committee of five good Democrats is to be named by the Chairman to investigate the situation in that district and report back to the full committee with a recommendation as to what should be done.

There was also a resolution, offered by Colonel A. J. Field, declaring that the time has come in this State when there should be uniform legalized primaries in all counties and recommending that the next General Assembly enact such legislation. This resolution went over to the next meeting for consideration.

After calling the committee to order Chairman Eller asked Hon. Francis D. Winston to preside and the latter retained the chair throughout the meeting.

It was after the election of the chairman and secretary that the attention of the committee was directed to the grave situation in the Sixth District where both O. L. Clark, of Bladen, and H. L. Godwin, present Congressman, of Harnett, are claiming the Congressional nomination. Walter Murphy, of Rowan, stated that he had been requested to direct the attention of the committee to the situation. It was known that friends of Mr. Clark were here to interest the committee. However, the committee determined to hear neither side at this time unless both were represented, and abandoning the idea of considering the case at the instance of either, went into the case on its merits for the best interest of the party welfare.

Committeemen H. L. Lyon, of Columbus; E. F. McCulloch, of Bladen, and other members of the committee from the Sixth District asked the committee to excuse them from voting on this matter in any way. However they wanted it understood that they wanted the committee to settle the case in the Sixth. Major E. J. Hale said that for Cumberland Democrats and for H. L. Cook, who was a candidate before the Sixth District convention for the nomination, he wanted it understood that they did not consider that there has been any nomination for Congressman in the Sixth.

Ex-Governor Aycock considered the situation in the Sixth very grave and requiring the attention of the committee. He realized that both gentlemen now claiming nomination were talking long and loud for their own rights in the matter. He would do the same thing in their place, but he regarded both Democrats, good and true, and was confident that when the State committee shall have investigated and ruled in the matter, both will yield to that ruling whatever it is.

Several members had ideas as to what course should be taken. H. A. Grady, of Sampson, moved for a committee of ten to investigate by hearing statements tonight from any gentlemen who might be here in the interest either candidate and report back to the committee at once. Mr. Lawrence, of Robeson county, declared that Mr. Clark and his friends are ready and anxious for the committee to take action.

Inquiry was made as to the attitude of Mr. Godwin and his forces. There was no one to speak for these. It was stated that J. C. Clifford, manager for Mr. Godwin was in the city from the State Board of Elections, but was not in this committee meeting. There was a general expression that there should be no action taken without the freest opportunity for both sides to be heard. Then ex-Governor Aycock dictated to the secretary a resolution in accord with the motion of Walter Murphy that a committee of five Democrats be appointed by the committee to investigate and report back to a meeting of the full committee to be called by the chair, the investigation to be first, as to the jurisdiction of the committee, it being understood that Mr. Godwin and his friends hold that the committee haven't jurisdiction; second, as to whether there has been any nomination of a candidate for Congressman, and third, if there has not been, what course shall be pursued. This resolution was adopted by sections and then as a whole.

During consideration of the resolution Chairman Eller addressed the committee on the necessity of clearing every party difficulty and presenting a solid front.

He said the enemy is not only counting on the election of the next Governor, but actually on winning the Legislature this election and that with Butler, Holton and others looming up as possible campaign leaders, the Democracy would know what to expect and should put up the most strenuous and harmonious campaign possible. He intimated some of his plans of campaign. One is to have ten-minute speeches from prominent democratic speakers dictated to the phonograph and these repeated at every school house and other points in all the counties so that the people will have opportunity to hear these men, including Aycock and the rest in their own neighborhoods.

BALLINGER MAKES A BITTER ATTACK

Aeserts That His Enemies Are Seeking to Make Scapegoat of Him.

TALKS OF TAFT AND TEDDY

Calls His Critics "Demogogues" and Makes Charges—Trying to Bring Trouble Between President and Former President.

St. Paul, Minn., Aug. 1.—In an interview which he gave out tonight at Minneapolis, Richard A. Ballinger, Secretary of the Interior, bitterly arraigned his enemies as "demagogues" and charged that not only are they seeking to make a scapegoat of, but that they are also trying to foment trouble between President Taft and Theodore Roosevelt.

He said: "Pinchot, Garfield and that bunch have been after me, trying to make a scapegoat of me.

"The President and I have done all we could to make this administration a success. The President is heartily in favor of a rational conservation, and so am I.

"There are a lot of demagogues that would like to see a breach forced between Theodore Roosevelt and President Taft. It's just the way of things. But President Taft has been wise. He has taken a broad and liberal stand for constructive and upbuilding policies.

"There's too much lying about this conservation. There are certain fanatics who would lead us to believe that we wont have enough timber left to kindle a fire in the next generation and not enough coal left to keep it going.

"Why, they are deluding the people of the East, absolutely fooling them. They employ figures with recklessness. They tell the country that their resources are about gone. They suggest all sorts of absurdities."

Senator Wilson Talks.

All reports to the effect that Secretary Ballinger is to "whitewashed" or convicted are absolutely without foundation. No man knows what the verdict of the committee will be." said Senator Knute Nelson, chairman of the Ballinger-Pinchot Committee, today. Senator Nelson was in St. Paul to meet Senator Crane, of Massachusetts, another member of the committee.

"No man can know what the committee will do as the committee does not know itself. I don't know what any other member of the committee may think of the evidence presented and no member of the committee knows what I think.

"It has been decided that the committee will convene in Minneapolis on September 5th. We have six large volumes of evidence to consider and that means a lot of work."

FUNERAL OF CARLISLE

Will Be Held In Washington Wednesday—Tributes of Respect.

New York, Aug. 1.—The funeral of the late John G. Carlisle, former Secretary of the Treasury will be held in Washington at 2 P. M. on Wednesday, it was announced here today. The body of the late cabinet member which still lay today in the hotel Wolcot, where he died last night, will be taken on the 9:55 o'clock train tomorrow to Washington where members of Mr. Carlisle's family have already gone to open the late home of the statesman there.

No services will be held in this city. While the burial will be in Covington, Ky., definite arrangements to that end were lacking as yet it was stated.

It was announced this afternoon that tae funeral services of Mr. Carlisle would be at St. Thomas church in Washington and that the Rev. Charles Cannon would officiate. The pall-bearers have not been selected.

At the request of the society of Kentuckians a death mask was made tonight of Mr. Carlisle by Mrs. E. St. John Matthews.

At a meeting tonight of the association of former office holders under the Cleveland administration, David Robinson, former Commissioner of Immigration at Savannah, Ga., and William Curtis, former assistant secretary of the treasury, were elected delegates to represent the organization at the funral. Messages were received from Judson Harmon, now Governor of Ohio, but formerly attorney general and from George B. Cortelyou, former stenographer to the late President.

Norfolk, Va., Aug. 1.—Mayor Riddick today named the following delegates from Norfolk to the second annual National Conservation Congress at St. Paul, Minn., September 6-9: George D. Whipple, W. W. Robertson, John H. Trant, J. Frank East and C. I. Millard.

Wilson, N. C., Aug. 1.—It was a slugging match between Wilmington and Wilson this afternoon. Foreman was in the box for the locals and the visitors got on to his curves in the third and fourth innings, scoring three runs.

In the fourth Hearne relieved Foreman after the Champs had scored one run in the first. In Wilson's fourth another score was made and in the fifth another which tied the visitors. In the eighth Hearne won his own game when he hit it safe for a two-bagger, scoring Armstrong and Sharpe. Phelan, Wilson's new first baseman, will give somebody trouble yet, having in his first game made three hits out of four times at the bat. Tydeman for the visitors performed the same feat. (Pap.) Westlake, the Champion's new player-manager, has a head on him and works it in the game.

INDOOR BASEBALL.

Interesting Game Played at the Y. M. C. A. Last Night.

Senior indoor baseball proved the interesting feature at the Y. M. C. A. last night. Both teams were in playing trim and fought hard for the game, but the wily Sioux team proved a little the best for the Cherokees, who up to the last night had not lost a game, and won out in the sixth inning by good bunting and base running. The score was 11 to 5 in favor of the Sioux. Umpire, Physical Director Huntington; scorer, Jim Betts. A large number of spectators witnessed the game.

Tonight the Junior league teams, namely, the Tigers and the Cubs, who are fighting for last place in the percentage column, will play. And good ball is assured those that witness the game.

Sister of Mrs. Wade, of Wilmington. Union Court Convenes.

(Special Star Correspondence.)

Monroe, N. C., Aug. 1.—Miss Elizabeth Hill Whitfield, daughter of the late James Wesley and Virginia Caldwell Whitfield, died this morning after a long illness. The deceased leaves two brothers and two sisters: W. T. Whitfield, of Monroe; Geo. W. Whitfield, of Lumberton; Mrs. E. T. Wade, of Wilmington, and Mrs. J. M. Morrow, of Albemarle. Miss Whitfield was a member of the Methodist church. Funeral services will be conducted in Central Methodist church Tuesday morning.

A criminal term of Superior Court convened here this morning, with are 75 cases on the docket, about half are 75 aceses on the docket, about half of them being indictments for failure to list taxes. There is one murder case for trial, State vs. Charlie Plyler and George Mayhew. These two, Plyler, white, and Mayhew, colored, are held for the murder of Carter Parks, which occurred some time last May. The evidence against the defendants is circumstantial. Messrs. Redwine & Sikes will assist Solicitor Stack with the prosecution. The defendants are represented by Messrs. Adams & Armfield and J. J. Parker. Much interest is being taken in this case.

A BATFEST AT GOLDSBORO

Beautiful Game Yesterday at Fayetteville—Clemens' Timely Hit and Error by Cantwell Did the Work—Boyle's Work on Slab.

(Special Star Telegram.)

Fayetteville, N. C., ug.A 1.—After Boyle had twice fanned him, Clemens on his third trip to the plate, singled, took second on fielder's choice, and scored the only run of today's game on Cantwell's error with two out in the ninth. The fielding was fast and furious and the pitching gilt-edged. The game was one of the prettiest ever played here. Boyle pitched but three balls in the fifth inning. He held Raleigh to two hits till the ninth. There were no bases on balls, no hit batsmen, and no stolen bases in the game.

CHANGE IN MANAGEMENT.

Railroad Crew in Charge of James M. Conners, of Providence, R. I.

(Special Star Correspondence.)

Rocky Mount, N. C., Aug. 1.—The position of manager of the Railroaders is no longer in the hands of Mr. M. J. Phelan, the first baseman, and with Saturday's game his leadership terminated and he was given his release as a member of the local team. On Tuesday when the crew takes the field in Goldsboro it will be in charge of James M. Conners, of Providence, R. I., an old baseball veteran, who has just been secured by the management. Today the team is being captained by Jimmie Gillespie, the third sacker of the team. Mr. Phelan was given his release on Saturday morning, but he consented to manage the team in its game with Wilson on Saturday afternoon. It is understood that Phelan has signed with the Tobacconists and that he will hold down the initial sack though he will not manage the team. Phelan left by the afternoon train today with his family for Wilson.

The new manager wired today that he will be on the scene tomorrow, and that his delay in arrival has been due to the fact that he is to bring a pitcher with him. Both of the men will be passengers on the noon train for Goldsboro tomorrow. Mr. Conners was recommended to the locals by Manager Clancy of the Fayetteville team who declared that it was a long shot as to whether or not we would land him, but that he would be a valuable acquisition. He is a former second sacker with the Chicago White Sox, and it was understood from Scout Smith, of Boston, who was here a few days ago that he participated in the World's Championship series in that city several years ago. After being forced to leave baseball with the big show, he was secured by Providence in the Eastern League and he managed that team for some little time.

NATIONAL LEAGUE.

Brooklyn, N. Y., Aug. 1.—In a loosely played game marked by heavy hitting Philadelphia defeated Brooklyn today by scoring three runs in the eleventh. Dessau, who relieved Rucker was in trouble at the time. Three singles and a double by Grant gave the Quakers the victory. The running catch by Wheat was the feature.

Rev. C. H. Sweet to Leave.

Rev. C. H. Sweet, who has been pastor of the Advent Christian church of Wilmington for the past few months tendered his resignation at the conclusion of the sermon Sunday morning, the same to take effect some time in September. It is understood that Mr. Sweet has been extended a call from the Home Mission and Church Extension Committee of the Ohio Advent Christian Conference to go to that State and work under its auspices. He has made many friends in Wilmington who will regret to learn of his intended departure.

Giants Had Better of It Except in Runs—Sharry Forsakes Indicator For the Game Again—A Spirited Contest.

(Special Star Telegram.)

Goldsboro, N. C., Aug. 1.—After the fourth inning today's game resolved itself into a batting feat in which Goldsboro had the better of the argument in every respect except runs. Many excellent opportunities to score were lost.

Gunderson did not allow a hit and Griffin gave but one. The fielding on both sides was fast. Brown and McDonald featured at the bat. Sharry who recently resigned his job as "umpire" to get back in the game, was there with the goods on first sack for Rocky Mount.

KILLED IN ATLANTA RACE.

Accident to Car Proves Fatal For Mechanician.

Atlanta, Ga., July 30.—Few in the big crowd which witnessed today's automobile races at the speedway here knew that two hours before the meet began one life had been sacrificed to high speed on the track. As the pistol cracked for the first event the body of T. B. Dial, of Atlanta, was quietly carried from the grounds. Dial was a mechanican and his car, a Marion, while on a practice spin, became unmanageable, ripping up over 100 feet of the inside fence on the first turn of the track and then turning two complete somersaults. The car landed 40 feet from the track and midway between the machine and the speedway was found the unconscious mechanician one side of his head crushed. No one was near enough to see exactly how he met death. He lived 1 minutes after the accident.

The races were run without an accident, both amateur and professional drivers participating. The programme called for 15 events, but darkness cut them off at 11. All the entrants were local cars.

S. S. S. A BOTANICAL BLOOD REMEDY

Nature in her wisdom and beneficence has provided, in her great vegetable kingdom, a cure for most of the ills and ailments of humanity. Work and study have perfected the compounding of these botanical medicines and placed them at our disposal. We rely on them first because of their ability in curing disease, and next because we can use them with the confidence that such remedies do not injure the system as do the strong mineral concoctions. Among the very best of these botanical preparations is S. S. S., a medicine made entirely of roots, herbs and barks in such combination as to make it the greatest of all blood purifiers and safest of all tonics. It does not contain the least particle of harmful mineral to injuriously affect any of the delicate parts of the system. S. S. S. cures Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Malaria, Skin Diseases, Contagious Blood Poison, or any blood affection or disease even reaching down and cleansing the circulation of all inherited blood troubles. As a tonic S. S. S. is unequaled. It builds up the system in the proper way, by purifying the blood and supplying a sufficient amount of vigor and nourishment to the body. If you are suffering with any blood trouble, or are in any way run-down in health, you could not do better than take S. S. S. a purely botanical blood remedy. It cures without ever leaving any unpleasant or injurious effects. It is perfectly safe for young or old. Book on the blood free to all who write.

NEW SAILOR PITCHER.

Signed Yesterday by Wilmington Management to Report in Wilson.

Highly recommended by "Dick" Smith, a new Sailor flinger in the person of one Mr. Fletcher was signed yesterday by the Wilmington management and is ordered to report at once to Captain Mills in Wilson. With this added strength and Orth getting into old-time form (witness his stick work yesterday), is believed that the Sailor crew will be able to pull out of the subway very soon now. Luck has been against them but they are playing good ball and will yet win.

Picnic Wednesday, Aug. 5th.

The picnic at Middle Sound planned by the Middle Sound Union Sunday School will be given at Mr. C. R. Mason's landing on Wednesday, August 5th. A number of interesting features, previously mentioned, have been arranged in connection with the outing and a pleasant day is anticipated. The public is invited to attend and a large crowd is expected.

Washington, Aug. 1.—Hamilton D. Butterworth, a lumberman, of Butterworth, Va., and Miss Jessie May Russell, of Petersburg, Va., came to Washington today and were quietly married at a local hotel. They will spend several days here before leaving on an extended honeymoon trip.

RICHARDSON LEAVES RALEIGH.

Clever First Baseman Leaves Without Offering an Explanation.

(Special Star Correspondence.)

Raleigh, N. C., Aug. 1.—The new management of the Raleigh team in the East Carolina League lost one of the best players in the team by the "desertion" today of Richardson, first baseman, who threw up his contract and quit without any explanation. The management is coming in for right much criticism for refusing to pay balances due official scorer, men who policed the grounds and other employes about the grounds in connection with the taking over of the team from the former management. They paid off the players, having raised something over $1,200 by popular subscription for this purpose.

PLAY IN DURHAM.

Bull City Offers Special Inducements for Raleigh-Fayetteville Series.

(Special Star Telegram.)

Fayetteville, N. C., Aug. 1.—It was announced by Umpire Henderson before today's game between Fayetteville and Raleigh that the remaining games of present series will be transferred to Durham, N. C., because of the small attendance furnished here lately, due in part to the temporary lack of street car service. If the car service is resumed, the next series will be played here, if not in Durham. Special inducements were offered Owner Napier to transfer these games.

WHY SO WEAK?

Kidney Trouble May be Sapping Your Life Away—Wilmington People Have Learned This Fact.

When a healthy man or woman begins to run down without apparent cause, becomes weak, languid, depressed, suffers backache, headache, dizzy spells and urinary disorders, look to the kidneys for the cause of it all. Keep the kidneys well and they will keep you well. Doan's Kidney Pills cure sick kidneys and keep them well. Here is Wilmington testimony to prove it.

Mrs. W. W. Mince, 706 S. Fifth St., Wilmington, N. C., says: "I am very thankful to Doan's Kidney Pills for the great benefit I received from their use. For a long time I was a victim of kidney trouble. The kidney secretions were unnatural and caused me much annoyance. My back ached almost constantly and some days I could hardly get around to do my housework. I heard so much about Doan's Kidney Pills that I procured a box at Robert R. Bellamy's Drug Store and began using them. They helped me more than any other preparation I had ever taken strengthening my back and kidneys and invigorating my whole system."

POLITICS STILL IN A FERMENT

Congressional Situation Being Discussed in Columbus—The Whys and Wherefores—Waccamaw Club—Other Notes.

(Special Star Correspondence.)

Whiteville, N. C., July 30.—A Star representative met Hon. Joseph A. Brown, of Chadbourn, yesterday, and asked him would he enter the race for Congress in the Sixth district, in the event of the State Democratic Committee ordering a direct primary, and permitting all who so desired to enter. Mr. Brown promptly answered:

"No; emphatically no. I have no desire to enter into a scramble for office, at this or any other time. In fact, I have retired from politics, save to devote my time and whatever influence I may possess to working for unity in our ranks and the success of our party. No one can deplore more than myself the split in our district, but let Messrs. Godwin and Clark settle it among themselves. I do think, however, that something should be done to adjust this matter, and not imperil the success of our party that one of two men might go to Congress. If I can be of any service in harmonizing these differences I will be glad to render whatever service there be in my power; but I have no desire or ambition to enter politics now or at any other future time. I have other important matters to employ my every moment."

The conservative Democrats of Columbus county are greatly disturbed over the unfortunate Congressional muddle, but still hope that some settlement will be made. One of the best men in our county, who was mentioned in connection with the State Senatorship, says he would not now accept the nomination if tendered to him by the convention and a unanimous vote. He sees a bitter contest ahead, and fears that our party will be split in twain. Candidates are now waiting for the Congressional muddle to settle before starting out. The Republicans are actively at work, and confidently count on not only electing a Congressman from our district, but also in capturing many of the county offices.

An old-line Democrat, who took no part in the late contest, and is noted for his conservatism, remarked to the Star representative:

"Every discerning Democrat must look with dread and apprehension on the split made at Wrightsville Beach. If not settled, it spells disruption for our party, and its ill results will be felt for years to come. I do not understand the position of either Messrs. Godwin or Clark in assuming to dictate terms to the State Executive Committee, in the event that body is asked to arbitrate the matter. What right has Mr. Clark to say that he would not agree to having a district primary, or Mr. Godwin to insist that nothing save a direct primary will suit him? The Democrats should now take this matter in hand and settle it fairly, without heeding the demands of either of these gentlemen. The unity and success of the Democratic party is of far more importance than a promotion of the selfish ambition of any one man. Let the State Committee take in hand a settlement of this trouble, and if the members deem it best to have a second and direct primary. Mr. Clark must consent. If, on the other hand, a fair adjustment of the trouble can be had without the calling of a primary, then Mr. Godwin must accept the decree. There would be no such thing as arbitration if each side affected by the decision must first be permitted to dictate the decree."

The officers of the Waccamaw Club met at Wananish yesterday evening to complete arrangements for building their club house. A desirable lot has been purchased next to Dr. Thompson's residence, fronting the lake, and it is intended to build one of the handsomest club houses in the State. It is understood that several Wilmingtonians are interested in this club.

The News-Reporter correspondents held their picnic at Wananish on the lake yesterday. The citizens of the place treated them royally, and after a fine dinner, in the afternoon they were given a fish fry. Prof. Beach, of Delway, was among the speakers. The next meeting will be held at Chadbourn in November, and on which occasion an exhibit of our agricultural resources will be had.

The Council Tool Co., at Wananish, is putting in an ice plant, for the use of the employes and citizens of the town.

KILLING AT ROWLAND.

Negro Shot in Back of Head While at an Entertainment.

(Special Star Correspondence.)

Lumberton, N. C., Aug. 1.—Coroner G. E. Rancke was called to Rowland early yesterday morning by telegraph to hold an inquest over the dead body of Oscar Moody, a colored man who had been shot and killed Saturday night. The shooting occurred about 10 o'clock and Moody lived about 30 minutes after the shot was fired. The killing seems to be a mystery. There was some kind of an entertainment being given in the colored school house which was attended by quite a number of colored people, and while on his way to or from the entertainment, in company with several other people of his race, some one fired a pistol, seemingly from the bushes in the rear, striking Moody in the back of the head. The ball passed through the head, lodging in the face. There had been no disorder of any kind, and as the victim was one of the best colored men in the vicinity, not having a known enemy, the whole affair is wrapped in mystery. In response to a request of the father-in-law of the dead man, Col. N. A. McLean accompanied Coroner Rancke to the scene of the killing, but no information could be obtained which would throw any light on the killing, and the verdict of the coroner's jury was that the man came to his death from a shot fired by an unknown party. Moody is said to have been a prosperous farmer, about 30 years old and is survived by a wife and one child.

MELON MOVEMENT.

Georgia and Florida Fruit Going Forward—Transportation Changes.

(Special Star Correspondence.)

Rocky Mount, N. C., Aug. 1.—Watermelon shipments from the second division of the Atlantic Coast Line are assuming a larger proportion this year than in the past several years and practically every freight routed North through this point, if not made up exclusively of a cargo of melons has fully 50 per cent. of its freight made up of this fruit. The prices now being received on the Northern markets are larger than in a number of years and growers in Georgia and Florida are taking advantage of the same and rushing their melons North. The majority of the melons supplied to the Northern markets come from Georgia and Florida.

Effective today the Atlantic Coast Line has made a general change in its office force of the superintendent of the First Division and the superintendent of transportation, and it has worked a promotion for a possible half dozen persons in the employ of the company in this office. Mr. Geo. Horne, who has held the position of accountant to the general superintendent, has resigned this position and will leave the employ of the company, having decided to engage in business in Chicago, for which place he will leave within the next few days. To fill the vacancy made by Mr. Horne's resignation, Mr. J. P. Gibson has been made accountant to the general superintendent. The timekeeper to the superintendent, which position was held by Mr. Gibson, will be in charge of Mr. D. M. Ivey, he having been promoted from the position of fast freight clerk. In the promotion of Mr. Ivey the vacancy will be filled by Mr. W. H. Pate, who has formerly been secretary to the superintendent of transportation, and this position will be taken by Mr. H. S. Corey. Mr. Carter Darrow has been promoted to stenographer in the transportation office, having given up the position of assistant to the timekeeper. Mr. Wade Benton, who has been file clerk for the general superintendent, is made assistant timekeeper.

AFFAIRS AT RALEIGH.

Interest in Canning—Charters Issued. Governor Returns to Raleigh.

(Special Star Correspondence.)

Raleigh, N. C., Aug. 1.—It is said that there has never been as much canning of fruits and vegetables in all parts of the State as there is this season. Not only are the growers putting up large quantities for home use and for sale, but an exceptionally large number of town people are buying the material by the bushel and canning for use during the Winter. Much of this increase is due to special effort by the State Department of Agriculture through a special bulletin on canning and methods of canning all kinds of fruits and vegetables.

The Charlotte Quarry Co., of Charlotte, received a charter today with $50,000 capital, for a general quarry and stone cutting business, the incorporators being C. M. Scott, J. W. Hass, J. R. Umberger and others. The Robeson Drug Co., Maxton, is also chartered with $50,000 capital by D. O. Houser and others. The peerless Fashion Store Co., Asheville, amends its charter, providing that the general business of furnishers for men and women be conducted. Adolph Kohn is one of the principal incorporators.

Col. J. Bryan Grimes, secretary of State, went today to Greenville to deliver an address in connection with the Pitt County Good Roads and Farmers' Institute meeting there today.

Governor Kitchin returned this afternoon from Scotland Neck where he has been for more than a week at the bedside of his mother, expecting her to die at any time. However, there is now some slight improvement in her condition with chances in favor of her recovery. However, he may be called back to her bedside at any time in consequence of a relapse.

CLINTON RESIDENCE BURNED.

Disagreement at Negro Church in Sampson May Result Fatally.

(Special Star Telegram.)

Clinton, N. C., Aug. 1.—Fire originating from a stove flue burned the residence occupied by W. R. Devault, today about noon. The house wos owned by J. B. Merritt, of Raleigh, who had some insurance on it but not enough to cover the loss.

At a negro church in Honeycutt's township yesterday there was a disagreement among the brethren which resulted in a bloody fight in which Mitch Bennett was fearfully cut by Dub Pope and Oscar Butler. Bennett is expected to die and officers are seeking the men who cut him.

CHARLOTTE TO WILMINGTON.

Rockingham Post's Proposed Highway Meets With Favor.

The Charlotte News of Sunday afternoon says editorially:

The Rockingham Post is an earnest advocate of good roads and has done much toward bringing about improvement of the roads in its county. It is not satisfied with local road improvements, but wants to see systems connecting different sections of the State. Its latest movement for work of this kind is for a road from Wilmington to Charlotte.

Most of the counties through which such a road would pass have already begun the work of improving their roads. For much of the distance the chief work would be connecting these isolated links. Those counties which have not begun the good work would be spurred up to do so and would soon fall in with the idea and do their part.

From Charlotte to Lumberton there are sections of good roads in each county which need only to be linked together in order to connect these two cities by a splendid highway.

From Lumberton eastward whatever roads would have to be constructed could be cheaply done.

In this city such highway would connect with the Charlotte-Asheville road, which will surely be built. This would put Charlotte on a highway—and the shortest one that could be laid out—connecting the mountain section with the seacoast. No more important highway could be constructed in the State.

It is worth the while of the people of Charlotte to give this matter some attention, at least to make investigation and learn the feasibility of the plan. Such road would be of benefit to this city and of still greater advantage to the towns along the route.

Staggers Skeptics.

That a clean, nice, fragrant compound like Bucklen's Arnica Salve will instantly relieve a bad burn, cut, scald, wound or piles, staggers skeptics. But great cures prove it's a wonderful healer of the worst sores, ulcers, boils, felons, eczema, skin eruptions, as also chapped hands, sprains, and corns. Try it. 25c at Robt. R. Bellamy.

A Speedy Cure for

Constipation, Biliousness, Dyspepsia, Indigestion, Liver Complaints, Tired Feeling, Bad Taste in the Mouth, Bad Complexion, Nervousness and all diseases of the Stomach, Liver and Bowels.

"Bloodine Liver Pills"

act gently, yet thoroughly upon the bowels, liver, stomach and digestive organs. The pills, in old and chronic cases of constipation and indigestion, act at once, without griping, nor do they leave any unpleasant after-effects, nor form a constant habit of purging, produced by other cathartic remedies.

"Bloodine Liver Pills"

restore the deranged and torpid liver to its normal condition and healthful action. Remove and prevent constipation by securing a natural and regular operation of the bowels, and relieve those unpleasant symptoms which attend a diseased or morbid condition of the liver, stomach and bowels. To assist in attaining this end, the following suggestions are offered.

REMARKS. Everyone who uses pills for their action on the liver, should know that large doses rarely prove as satisfactory as small ones. Large doses simply purge and pass out of the system, usually leaving the bowels constipated, and seldom removing the cause of the trouble, or improve the general health. On the other hand, small doses develop the alterative effect of the medicine, do not irritate or constipate the bowels, but gently stimulate the liver and prevent the accumulation of bile by directing its flow into the proper channels. Therefore it is advisable to commence by taking not over one or two pills at bedtime and increase dose as necessary.

PORTLAND, ME.

GENTS:—I find your "Bloodine Liver Pills" the most effective pill I ever used. They cause no griping or constipative after effect as most liver pills do.

Yours truly,

MRS. AMADA RICHARDSON.

You Can Have a Model Kitchen

as cool and white as a dairy. No smell, no smoke, no heat, no dust. No old-fashioned contrivances. The

New Perfection WICK BLUE FLAME Oil Cook-stove

is the latest practical, scientific cook-stove. It will cook the most elaborate dinner without heating the kitchen.

Boils, bakes, or roasts better than any range. Ready in a second. Extinguished in a second. Fitted with Cabinet Top, with collapsible rests, towel rack, and every up-to-date feature imaginable. You want it, because it will cook any dinner and not heat the room. No heat, no smell, no smoke, no coal to bring in, no ashes to carry out. It does away with the drudgery of cooking, and makes it a pleasure. Women with the light touch for pastry especially appreciate it, because they can immediately have a quick fire, simply by turning a handle. No half-hour preparation. It not only is less trouble than coal, but it costs less. Absolutely no smell, no smoke; and it doesn't heat the kitchen.

Cautionary Note: Be sure you get this stove—see that the name-plate reads "New Perfection."

The nickel finish, with the turquoise blue of the enameled chimneys, makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carrier in the city or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards or thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office No. 51; Editorial and Local rooms No. 61. Call either if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will be invariably rejected unless the real name of the author accompanies the same, not necessarily for publication but as a guarantee of good faith.

Tuesday, August 2, 1910.

What a man does is of very little consequence till he runs for an office and thus takes chances with his personal history.

It has been discovered in Prospect Park, Brooklyn, N. Y, that some of the trees which should have been labeled "juniperis communis" erroneously have been labeled "retinospora squamosa." This shows how careless some people can be without knowing it till some other people tell them of their mistakes.

The first edition of Col. Roosevelt's forthcoming book will consist of one million copies. The Colonel had lots of fun on his African hunt and during his tour in Europe, but those who read his book have got to pay for everything he has done and said. That's the way lots of people get through this world at other people's expense.

Texas is marketing her new cotton crop, Alabama is now busily picking cotton, and in about four weeks we will be pretty apt to hear of North Carolina's first bale. The season in North Carolina is rather later than usual but North Carolina, many will be surprised to know, holds the record of the greatest average yield per acre, not even excepting Texas.

George Westinghouse, who laid the foundation of the great business of the Westinghouse Electric and Manufacturing Company, has been "deposed" as president of that concern. Last week the Nebraska Democrats "deposed" Hon. William J. Bryan, but in financial circles that does not cut near so much ice as the deposition of Westinghouse. The money idea is uppermost in the heads of some people and no other question is in it with dollars and cents.

The Charlotte Observer is belaboring the Asheville Citizen for declaring that girls should be given the "unlimited right to pop the question," probably without waiting the action of any other nation. A girl probably will prefer not to give up the fun which she has in exercising the diplomacy that will make a fellow do the popping under unreasonable apprehension that the girl may be fooling him. A girl likes to take her sweetheart by surprise by telling him yes.

Dr. H. H. Crippen and his girl friend, Ethel Leneve, were caught like rats in a trap when the steamship Montrose arrived at Father Point, Canada, on Sunday. The young woman was dressed in boy's clothing and she and the doctor made the passage over under the disguise of the Rev. Mr. Robinson and son. It seemed the irony of fate that such a monstrous humbug posing as God's servant should fall into the hands of justice in a manner so dramatic and tragic. The terrible ordeal for Crippen and his young woman companion was what they justly deserve in addition to what is coming to them later when they will have to answer for the murder of Crippen's wife in London.

Some Democrats dislike William J. Bryan for the same reason that Republicans can't stand for him. The Bryan "paramounts" do not do the Democratic party any good but Republicans are satisfied that they will do their party a lot of harm. Much of the Democratic fear of Bryan has been created by Republican alarm. The Republican dread of Bryan got them a Roosevelt and a panic, and, to a man up a tree, it would appear that, if Bryan had been elected and done his worst, the business interests of this country could not have suffered like they did under the Republican choice which some Democrats accepted with mighty poor judgment.

PARTY WRONG-DOING.

A political party is what those who belong to it make of it. It can be corrupt or represent high standards according to the character of citizenship which constitutes the party. When a party goes wrong, however, it generally is not on account of the masses who compose the party, but when a party goes to the bad the responsibility for it falls upon the leaders—the class and character of the men who really shape its policies and carry out its purposes. If the purposes and designs of the leaders are selfish, predatory and corrupt they impart that character to their party. The Republican party today is not the party of Abraham Lincoln and the responsibility for it falls upon the shoulders of the men who are using the Republican party to enrich the favorite classes. That this is true we do not think there is any room for doubt on the part of intelligent and fair minded men who have watched the course of the Republican party and kept up with its record.

It is quite possible for two honest parties to exist in the United States, but in order to have them the people should see to it that the leaders of their parties shall be not only men of ability but men of the highest integrity and patriotism. This refers alike to the Democratic and the Republican parties, and if the voters desire to maintain the integrity and high purpose of their parties they should see to it that only men of the most irreproachable character should be at the helm. As a matter of course, men in any party, whether it is the Democratic party or the Republican party, can be corrupt and in no sense can they represent the principles of the standard of the party. That is individual wrong-doing for which no party can be held responsible, but where corrupt and dangerous methods become the rule with the party it becomes that party's wrong-doing.

It is quite possible for a party to be honest and trustworthy in one State and be corrupt and disgraceful in some other State. It depends upon the character, purposes and designs of the leaders, and the voters of any party who permit their leaders to debauch their party without bringing down upon them the heel of condemnation are responsible for any condition into which their party may be plunged by irresponsible and infamous leadership. In North Carolina the Democratic party, backed by the people representing the highest intelligence in the State, is a party of lofty ideals and progressive ideas, and represents the principles and policies which guarantee to the people happiness, contentment and progress. It is true that there are individual Democrats for whom the party cannot stand and there are methods which the party can not tolerate. To do so would place the blame on the party but the Democracy in North Carolina frowns down all evil influences and wrongdoers, so that it is worthy to be followed by men who wish to be allied with a party which stands for the people, the sacred traditions of the State and the best interests of the Commonwealth.

An instance showing that the Democratic party condemns even the appearance of wrong and purges itself of men who lower its standards, occurred recently in Richmond county. From that county comes a remarkable and astonishing story of political barter and trade on the part of two Democrats who were aspirants for the ounty treasuryship. One candidate was so anxious to have the office that he paid his opponent $700 to get out of his way and leave the field open to him. In order to convey some idea of the poor conception which these two men had of honorable and upright political conduct and personal morals, the Wadesboro Messenger and Intelligencer says: "Strange to say, neither party to the dicker appeared to realize that he had done anything wrong and for that reason did not treat the matter as much of a secret."

The impression to be conveyed by the inability of the two offenders to realize that they were not only affecting their own reputations but doing damage to their party, is that the campaign of education in morals or Sunday School work has been neglected somewhat. Any men with common sense might have known that they were wrong, but those two Richmond men now are fully aware of what the Democratic party thinks of such transactions as they engaged in. As soon as the facts became known both parties to the trade were promptly made to stand aside and both of them stand condemned before the honest Democracy of the county. The office will go to another man. Commenting upon this incident the Charlotte Evening Chronicle says:

"Both men are educated and are men of intelligence and influence, and the wonder is that neither could see anything wrong in the transaction. If they only know it, they have added more weight to the load the Democracy of North Carolina is already shouldering this year. While the party is in no way responsible, the Republicans will make campaign thunder out of it—we see from their papers which come to this office that they are already doing it. The fact that the parties to the deal were required to step down and out, will have no influence with the Republican papers, the general run of which are perfect strangers to candor and fairness and would not admit a truth that was not likely to help their cause. The fact stands, though, that the Democratic party puts its stamp of disapproval on the transaction. We are going to see how many Republican papers are going to overlook that feature of the case."

The citizens and press of North Carolina should commend any party, Democratic or Republican, that would take such prompt action to protect its honor, and when the Republican party in North Carolina will do as the Richmond county Democracy has done and will select for its leadership men of honor and high character, that party's respectibility will not depend upon one man in the person of the Hon. John Motley Morehead under the mistaken idea that his reputation would in any sense cause the people of North Carolina to misplace their confidence in North Carolina Republicanism.

DANGER IN THAT COMPROMISE.

We never attribute too much importance to factional fights in the Republican party in North Carolina. It matters not if they have a row among themselves like fire in the mountains, they are sure sooner or later to get together and vote pretty solidly against decent government for the State. The astonishing part of it with us is that such a party should actually gain recruits among the sons of North Carolina, for the men who desert the Democratic party and go into such a political organization as the Republicans have in North Carolina, must certainly be acquainted with the record of that party in the past, its present character, and its affiliation with the National party that openly stands for special interests and corrupts State and National elections with money subscribed by the beneficiaries of the Republican tariff.

How a North Carolinian who should love his State too well to have it humiliated and disgraced can think of becoming a recruit of the Republican party is past our comperhension. It is not necessary for a North Carolinian to remember the nightmare of the Reconstruction Period, but the woe and the disgrace brought to North Carolina in the days of Republican-Populist fusion is entirely too recent and fresh to have been either forgotten or forgiven by a loyal son of the great State of North Carolina. Nevertheless, that party which has ever been an absolute menace to the Good Old North State actually is again bidding for the support of self-respecting and State loving North Carolinians. It is not only doing that, but a gain of 34,000 votes in the last Presidential election indicates that a party so vile that its own Presidential candidate was ashamed of it and berated it, is actually growing instead of deservedly disintegrating into a rotten heap. It is inconceivable that even North Carolinians who actually believe in every principle and policy of Republicanism, could even think of allying themselves with a party which is such a serious menace to their State.

The growth and progress of North Carolina in Reconstruction days was at a standstill and there was unhappiness, uncertainty and despair till the people led by the Immortal Vance redeemed their State and again held up their heads as a proud and chivalric people. From the day of Democratic success North Carolina went forward till the days of "fusion" when another pall hung over the State to retard its progress and create a condition that, had it been maintained, would have meant ruin and degradation for a State with magnificent resources to be developed under a safe and satisfactory State government.

In this campaign the same old Republican monster has its head up, it is endeavoring to clean off some of its slime, and hopes to persuade North Carolinians that it is trying to be respectable. Morehead and Butler have been turning up their noses at the old stench of their Augean stables and have about convinced the Republican cess-pool that it badly needs cleaning. The Morehead-Butler disinfectant plan practically has carried the day, and, in fact, it might as well be stated positively that when the Republican State convention meets in Greensboro on the 10th of August, Morehead will be made State Chairman with Marion Butler as his chief adviser and suggester. They will run the hog over the Adams and Duncan crowd, and it is a pretty good sign that they have already surrendered and acknowledged the inevitable when it was made known a few days ago that Adams and Butler had compromised their litigation involving Adams' libel suit against Butler.

Adams had the satisfaction of convicting Butler of criminal libel and having him fined $500 in a court of justice, and also had pending against him a damage suit for $50,000. Having won in his action for criminal libel, and, therefore, having a logical chance of securing damages, Adams has compromised with Butler and the suit is all off. We take it that it means that the villifier and villified have gotten together to make a political fight against the decent people of North Carolina. This greatly minimizes the chances for a row of big proportions at the Republican State Convention and it means that they are putting the lid on in order to keep from outrageously offending the nostrils of the people of North Carolina.

There may be considerable dissention in that convention, but mark well the prediction! Morehead will be made chairman and the warring elements, one side accusing the other of indecency and the other side convicting its opponents of libel, will get together and be a well fused mass, welded together in mischief against the very best interests of the people of North Carolina. In view of the result two years ago when a confessedly and self-accused venal party made big gains among the voters of the State, it is needless to assume that it will not present a formidable front at the polls next November. If the Democratic party anywhere in North Carolina has any trouble on hand, it had better settle it just as quick as possible. The longer it is delayed the worse it will be for North Carolina. The best interests of the State are higher in consideration than are the ambitions of any man or any set of men anywhere in any county in the entire State of North Carolina.

It is a sorry day when the people upon whom their State depends for the protection of its honor and the guarantee of its progress should be divided in the face of a monstrous enemy whose tread should so startle every patriotic North Carolinian that he would make any sacrifice to save his State.

CURRENT COMMENT.

Republicans of the Third district will meet in Goldsboro on August 11th and go through the useless formality of nominating a candidate for Congress.—Charlotte News.

The Durham Sun submits the clear truth that if a man can't make a living in the South he would starve anywhere else. One trouble with the South for a long time was that easy living rendered people inert, whereas with the Yankee it was root hog or die and he industriously rooted.—Charlotte Observer.

The Columbia State is way off on the Smithfield ham, fried chicken, the birthplace of Andrew Jackson, and the Mecklenburg declaration, but is very much on when it admits that the North Carolina belles are not a myth. They are blooming realities, and the tongues of some of them rival the chimes of normany in music and industry.—Norfolk Virginian-Pilot.

It was only after much travail, but the Democrats of the Fifth district wrought well in nominating Major Stedman. He is a fine man and will certainly command the full vote of his party. The wonder is that our Democratic friends did not nominate him by common consent, without killing so much time, and making so much noise.—Asheville News Gazette (Rep)

We enjoy the editorials of the Wilmington Star on the extent of Republican dissensions in North Carolina but we find in other papers of the same political faith very gloomy views of the lack of unity among the Democrats. There is small chance of redeeming the Congressional districts lost in 1908 unles our friends get together for a long and strong pull.—Norfolk Virginian Pilot.

As far as we are concerned, in the fight between Duncan and Butler in this State we just as live have one or the other. They are both "tarred with the same stick"—both are "pie hunters" pure and simple. If the people of the Old North State are alert to the conditions in which the monopolistic Republican party has gotten the nation into, and we believe they are, they will not desire any remedy in this State by such a gang of "money changers," the howlings of the "pie brigade" notwithstanding.—Newbern Sun.

Under his frank Congressman Morehead is sending out to every voter from Cherokee to Currituck, whose name he can get, a variety of Republican literature—literature sowing the State with political weeds. He has plenty of money and thinks he can buy the Governorship with it, but he ought not to use his frank to send out William B. McKinley's speech printed as "Congressional Campaign Spike A," though he has the right to send out speeches in the regular way. He is sending out a speech he is said to have made, though it is well known that he never uttered a word of it in Congress, and Republican papers say the speech was "dictated by Marion Butler." It is significant that he is sending out an earnest endorsement of Cannon. Why? He is doing this probably to prepare the wty for his own assumption of Cannonism. No self-respecting North Carolinian can with decency quote Cannon or endorse him. He is the one man born in the State who has never said a good word for it but has said many disparaging things about it and about our people.—Raleigh News and Observer.

Charles M. Stedman has been nominated for Congress in the Fifth North Carolina District. On the 438th ballot he received 277 votes and his nomination was made unanimous Those who had opposed him most cheerfully gave way to him when they found that the people of the Fifth District wanted him to represent them at Washington. His nomination means the defeat of Morehead, the Republican now holding the seat from that district. Of course, there will be a hot fight for the place, but Major Stedman has never yet run away from a fight. He proved his courage during the War Between the States, and he has demonstrated his fidelity to the State of North Carolina in many emergencies since the war closed. Once Lieutenant Governor of that Sttte, he filled the office with distinction. Twice defeated as candidate for the Democratic nomination for Governor, he did not sulk in his tent, but kept faith with his people. A very eloquent man, a sound lawyer and a public spirited citizen, he deserves the support of all North Carolinians who would be represented in the affairs of the Government at Washington by this gentleman and scholar, in every way worthy of the better days of that Commonwealth.—Richmond Times-Dispatch.

BOARD OF COMMISSIONERS

Very Little of Interest Before Regular Monthly Meeting Yesterday Afternoon—Health and Sanitation—July Reports.

Very little of interest transpired at the regular monthly session of the Board of County Commissioners yesterday afternoon, aside from the usual monthly reports and routine business in general.

The Board met at 3 o'clock, Chairman D. McEachern and Messrs. Divine and Montgomery in attendance. Col. Jno. D. Taylor, clerk of the Superior Court, came before the Board in the interest of having some old and valuable records in his office, re-bound so as to preserve them, the Board deferred the matter until some proper person could be found to do the work.

The county superintendent of health reported for July 29 cases of typhoid fever, six of which were imported here for treatment. This report was made in detail from the several physicians as follows: Dr. Russell 6, Dr. R. H. Bellamy, 2, Dr. Chesnut 1, Dr. Mask, one, Dr. Avant none, Dr. Bolles one, Dr. Slocumb two, Dr. Bulluck two, Dr. Hall two, one out of city; Dr. Cranmer three, one out of city; Dr. Caldwell none, Dr. Harriss two, Dr. Burbank two, Dr. Willingham none, Dr. Nesbit none, Dr. Wood none, Dr. Bell none, Dr. Schonwald three, outside city; Dr. Akerman none, Dr. Green none, Dr. Wessell two, Dr. Thomas none, Dr. W. J. H. Bellamy one.

There were 13 cases of smallpox, one of diphtheria and two of scarlatina reported during the month. The county institutions are in their usual good sanitary condition. Very little sickness has occurred in the camps.

The Register of Deeds reported 25 marriage licenses, eight for white and 17 for colored couples, during the month.

The clerk of the Recorder's court reported fines of $170.95, and costs of $327.58 during the month. The report was referred to the auditing committee.

Upon motion the action of Chairman McEachern in appointing Mr. W. A. Williams, clerk of the Board of Audit and Finance, as custodian of the building, was affirmed. Mr. W. M. Cumming having declined to serve as a member of the Board of Tax Assessors of Wilmington township, vice Capt. Louis Belden resigned, Mr. H. F. Wilder was elected a member of the board.

Reports of the superintendents of the County Home and County Roads were referred to the Auditing Committee.

In connection with the report of the superintendent of health there was a general discussion of sanitary conditions about the Court House and public buildings generally, with the result that a number of reforms are already being instituted and still others are contemplated. The Board adjourned subject to call of the chairman.

IN VALLEY OF SHENANDOAH.

Mr. Walter Sprunt and Party Continue Interesting Auto Trip.

Friends and motor enthusiasts generally will learn with interest that Mr. Walter Sprunt and party, who recently made such a successful pioneer auto trip from Wilmington to Goshen, Va., have continued their journey through the beautiful Shenandoah Valley and were Friday at Buena Vista Springs, Franklin county, Pa. After two weeks at Goshen, Va., the party left Tuesday, 26th, via Staunton, New Market to Luray. Wednesday morning after visiting the famous Luray Caverns, they returned to the Shenandoah pike at New Market, coming on through Winchester to Charlestown, W. Va., where the night was spent. Thursday morning, under the guidance of a new friend, a side trip to Harper's Ferry was most interesting and instructive. Thence the party went on via Hagerstown, Md., to Buena Vista, arriving at 5 P. M. The trip up the beautiful Shenandoah Valley was most picturesque and enjoyable. There were macadam roads most all the way from Staunton. The first day the party made 90 miles, the second day 90 miles and the third day the remaining 65 miles to Buena Vista. The only delay was one puncture.

Saturday the party expected to spend in their auto on the Battlefield of Gettysburg, some 20 miles from Buena Vista. It is learned by the party en route that the tourist auto travel from the South is steadily increasing, many parties from as far south as Georgia taking the trip North via automobile. In the Wilmington party are Mr. and Mrs. W. H. Sprunt, Mr. W. H. Sprunt, Jr., Dalzel and Douglas Sprunt and Mr. and Mrs. Walter Sprunt.

CAPT. PHELPS KNOWN HERE.

Commander of Cruiser on Which Accident Occurred at Brooklyn.

Much interest is being taken here in the recent accident at the Brooklyn Navy Yard in which a number of "jackies" were injured in a fearful explosion on the cruiser commanded by Capt. Harry Phelps, who is well known here and at Southport. His wife was formerly Miss Mamie Thompson, of the latter place.

Some 17,000 pounds of powder was being removed from the cruiser to a lighter alongside preparatory to placing the vessel in drydock, when a sailor accidentally ignited a can of the explosive and the fire spread quickly to the powder already placed on the lighter. One of the men near was fatally hurt and several others injured. Serious damage to the cruiser and her crew was prevented only from the fact they managed to cut the lighter adrift and let her drift a short distance away before the heavy explosion. It is said that flames shot up in the air 100 feet and endangered the property of the navy yard. The accident is described as being one of the worst to occure at the navy yard in a number of years.

MAY GO TO THE JURY TODAY

Taking of Testimony in Big Damage Suit Case Concluded Yesterday. Argument of Counsel Begins Today.

The civil action brought by J. W. Holmes against Dr. L. H. Love for damages in the sum of $20,000 for negligence in that the physician is alleged to have failed to give proper treatment of injuries received by the plaintiff in an accident on the Seaboard ten years ago, which has occupied the time of Superior Court since Friday morning, will probably go to the jury late this afternoon, the taking of testimony having been concluded yesterday afternoon.

The taking of evidence for the defence was commenced Saturday morning with the introduction of the deposition of Dr. L. H. Love, who is at present in California. Several witnesses were placed on the stand yesterday for the defense, among them being Mr. James M. Hall, a colored man named Dozier, and Drs. Geo. G. Thomas and W. J. H. Bellamy. Mr. Hall was pharmacist at the city nospital ten years ago and he testified to the effect that Dr. Love stood ready and wanted to give the plaintiff an anesthetic in order to make a more thorough examination, but that the plaintiff steadfastly refused. Dozier testified to the bandaging of the arm and the work done by Drs. Love and Lane. Drs. Thomas and Bellamy testified as experts and were asked numerous hypothetical questions. Their testimony tended to bear out the contention of the defense that the proper treatment was administered and that it is extremely difficult to see a dislocated shoulder under such circumstances as were presented at the time Dr. Love had charge of the case.

When the examination of witnesses was concluded, at 5 o'clock, adjournment was taken until this morning at 9:30 o'clock, when argument of counsel will begin. It is thought probable that the case will be given to the jury late this afternoon.

Judgment for dismissal was signed yesterday morning in the case of J. C. Chesnutt against the Waccamaw Lumber Company, an action for damages. W. P. Mangum Turner, Esq., represented the plaintiff and Meares & Ruark the defendants. The action was settled out of court and while there is no record of the terms of the settlement it is understood that the plaintiff received some damages.

MAY BE TRIED TODAY.

Several Cases Against Thomas Croom, a White Man.

Late Saturday night Alma Boatwright and Mattie Allen, denizens of the underworld, went to the home of Justice G. W. Bornemann and secured several warrants against Thomas Croom as the result of an alleged difficulty which occurred during the night. The warrants were placed in the hands of Deputy Sheriff Temple, who was unable to locate the defendant. Sunday night Croom gave himself up to Constable Savage, and warrants were sworn out against him before Justice Harriss, before whom the hearing will take place some time today. Croom was arrested yesterday by Deputy Sheriff Temple and taken before Justice Bornemann, who, after being informed that action had been taken in Justice Harriss' court, discharged the defendant. There are four cases against Croom in Justice Harriss' court. One warrant charges assault with serious injury on Alma Boatwright, another simple assault on the same woman; another assault with deadly weapon on Mattie Allen and still another simple assault on May Holmes, also a woman of the underworld.

REV. MR. COX ON VACATION.

Leaves This Morning to Spend Some Time at Blowing Rock, N. C.

Rev. William E. Cox, rector of St. John's parish, this city, leaves this morning for Blowing Rock, N. C., where he will spend the month of August in rest and recreation. Mrs. Cox has been spending the Summer at her old home in Knoxville, Tenn.

During Mr. Cox's absence on the first and second Sundays in August, the pulpit of St. John's will be occupied by Rev. Walter Mitchell, principal of Porter Military Academy, Charleston, S. C. Rev. Mr. Mitchell will arrive on Saturday and will be at the rectory while in charge of the work at St. John's.

Death of Miss Theresa Ennett.

Miss Theresa Ennett, the 14-year-old daughter of Mr. and Mrs. E. L. Ennett, died at 12:52 o'clock Sunday afternoon at the home of her parents, on Middle Sound, of typhoid fever. Besides her parents she leaves four sisters, Mrs. G. W. Gardner, of Hobgood; Mrs. C. V. Hall, of Richmond, Va.; Mrs. J. W. Braswell, of Wilmington; Miss Ellen Ennett, of Middle Sound, and two brothers, Messrs. Edwin and Wesley Ennett, of Middle Sound. The funeral services were held at 4 o'clock yesterday afternoon at Prospect Church and the interment was in the graveyard there.

Funeral of Mrs. Jacobs.

The funeral of Mrs. Martha Jane Jacobs, wife of the late Benjamin Jacobs, whose death occurred Friday afternoon, was held at 9:30 o'clock Sunday morning from the family residence, No. 806 South Front street, conducted by Rev. J. S. Crowley, pastor of Immanuel Presbyterian church. The interment was in the family burying ground in the county. The pallbearers were: Messrs. R. A. Burnett, George Parker, Ben Burns, Jacob Wolfe and D. L. Swain.

SIX MONTHS FOR RETAILING

The Sentence Imposed Upon E. M. Roderick by Substitute Recorder Harriss—Appeal to Superior Court.

Yesterday's session of the Recorder's court was the most interesting in some days and was presided over by Substitute Recorder George Harriss in the absence from the city of Recorder John J. Furlong, who is in Raleigh in attendance upon the meeting of the State Democratic Executive Committee.

The case of chief interest was one in which E. M. Roderick, a near-beer dealer on Dock, between Front and Water streets, was charged with selling whiskey to Alexander Bonham, colored, Sunday morning. The defendant was also tried for violating the ordinance prohibiting the sale of goods on Sunday. It appeared from the evidence that C. E. Kizziah, a white man, charged with larceny from the person, saw Bonham Sunday morning as he came from Roderick's place and took from him a bottle of whiskey. Bonham made complaint to the officers that he had been robbed of his Sunday booze. The negro was subjected to a rigid cross-examination by the officers, who learned from him information that caused them to have issued warrants against Roderick. Woodus Kellum, Esq., and Attorney Dulin appeared for Roderick while County Attorney Marsden Bellamy and City Attorney Herbert McClammy prosecuted. Roderick was found guilty in both cases. For keeping his place open on Sunday he was fined $25 and costs and for selling whiskey to Bonham he was given a straight sentence of six months on the county roads, from which an appeal to Superior Court was taken. Bond in the sum of $300 was given for his appearance at trial in Superior Court. The case against Kizziah, charged with larceny from the person, was sent over to Superior Court, the Recorder not having jurisdiction.

Acting Recorder Harriss did some plain talking to Roderick in passing flat sentence of six months on the roads upon, him. He reminded him that Recorder Furlong had warned him that his next appearance before the court would bring forth a straight sentence to the roads and that the court would be as good as its word. He also referred to the fact that it was just such places as that conducted by the defendant that were responsible for the death of young Register a few Sundays ago and that just such places as he was conducting was responsible for the sentence of five years in the penitentiary for Walter Way.

John Phillips, colored, for whom warrants were issued June 16th, 1905, was arrested Saturday night. He was arraigned yesterday morning on two charges—assault and battery and resisting an officer. It will be recalled that in June of last year the negro had some trouble in the section of he made it lively for Officer R. L. he made it lively for Officer R. L. Rouse, who was sent to arrest him, and succeeded in making his escape. Judgment was suspended in case of assault and battery, but the negro got six months for resisting the officer.

Judgment was suspended in the case against Dora Williams, colored, arrested some nights ago for drunkenness and disorderly conduct. It will be recalled that she was clubbed by the officer making the arrest and for a few days her condition was regarded as rather serious.

Nelson Jenkins and Robert Hankins, colored, were called upon to answer to the charge of gambling—"shooting crap." Both were found guilty and Jenkins was given six months on the roads and Hankins received three months. A case against Herbert Butler, a small negro boy, charged with stealing a morning paper from the doorsteps of one of the paper's subscribers, was continued until today.

MAJ. BERNARD HERE.

Returns From Fayetteville After Spending Several Months There.

Maj. W. H. Bernard, for many years owner and editor of the Star, arrived in the city last evening from Fayetteville, where he has been spending early and mid-Summer. His friends will be delighted to know that he is much improved in health and still takes a lively interest in public affairs. During the late campaign in the Fifth Congressional District, he gave much of his time and attention to the detail work of the interests of Maj. Chas. M. Stedman, his brother-in-law, and as will be recalled predicted within a few votes of what would be received by Maj. Stedman on the nominating ballot. Maje Bernard had but little time to give to affairs in the Sixth District, but firmly believes that the State Committee,, of which he is a member, cannot do otherwise than declare Hon. O. L. Clark, the nominee. He was unable to attend the meeting of the State Committee in Raleigh last night but sent his proxy.

BACK FROM BUFFALO.

Mass Meeting of Railway Passenger Officials During Past Week.

Mr. Ed R. Clarke, chief clerk in the Passenger Traffic Department of the Atlantic Coast Line in this city, returned yesterday morning from Buffalo, N. Y., where during the past week he attended a mass meeting of the Central Passenger Association and the Southeastern Passenger Association, with a number of the members of the Trunk Line Association, for the purpose of considering the matter of Winter tourist travel to the southeast during the Winter. Mr. Clarke was accompanied by Mrs. Clarke and returning they visited New York, Niagara Falls and other points of interest in the North.

FAVORS COMMISSION FORM

Mayor Appoints Committee to Draft Amendment to City Charter. One Central Governing Body the Purpose.

The Board of Aldermen in regular monthly session last night went on record as favoring a commission form of government, or rather, the abolition of the various commissions and the placing of the affairs of the city in control of one body, and authorized the Mayor to appoint a committee to draft the proposed amendment to the city charter with the aid of the city attorney, Aldermen Stone, Bonitz and Hall being the gentlemen selected. The sanitary conditions of the city were again discussed at length, special reference being made to the scavenger work, and a number of other matters of more or less importance considered.

The meeting was called to order a few minutes before 8 o'clock by Mayor Walter G. MacRae with every member of the board in attendance as were also City Clerk and Treasurer John J. Fowler and City Attorney Herbert McClammy and the usual number of spectators. The first matter to claim the attention of the body was the adoption of a formal resolution authorizing the sale of the remaining $100,000 worth of water and sewerage bonds, the amount to be used exclusively for a sewerage system.

Under the head of reports Chairman Bonitz, of the Streets and Wharves Committee, reported gratifying progress in the matter of cleaning streets and was happy to say that the department had been given the hearty co-operation of the citizens in the campaign for a cleaner Wilmington. The Aldermen had never seen so much trash taken from premises in Wilmington as had been carted to the streets during the past few weeks. Five extra carts are now being used by the city and the Alderman thought that probably others would be added.

The condition of the streets that were torn up in order to put down the new water pipes was brought to the attention of the body and upon motion of Alderman Hinton the clerk was instructed to direct a communication to the Water and Sewerage Commission asking that the streets be put in thorough condition without delay. It is understood that 10 per cent. of the money to be paid the contracting firm has been held up until the streets have been put in as good condition as they were before they were torn up.

Under the head of sanitary, Alderman Willard, of the special health committee, asked Dr. Joseph Akerman, city superintendent of health, who was present, to make a statement relative to the work and plans of the special committee, Dr. Akerman explained that as soon as he was empowered by the chairman of the committee to employ additional health officers for special work he secured the requisite number, selecting as good men as could be had at this time, and instructed them to make thorough inspections of all premises, outhouses, plumbing in residences, etc., but not to visit and inspect bed rooms, as was the erroneous impression. He also referred to the fact that one officer had been assigned to the special duty of ascertaining from physicians the number of typhoid fever patients and whether or not the disease was contracted in Wilmington. The record is ulated, nor quite completed, he could of only about 60 cases of typhoid fever in Wilmington in the last three months. Dr. Akerman explained that quite likely many cases were contracted elsewhere, in fact, he knew some did not have their origin in this city, but as the reports had not been tabulated ,nor quite complete, he could not make any formal report. The people of Wilmington generally will be interested to learn that there have been only about 60 cases of typhoid fever here in the past three months, and some will doubtless be surprised for there have been reports current on the streets at different times during the past few weeks that there were as many as 150 cases here at one time. When asked for his opinion City Attorney McClammy stated that the city had a right to send men to houses and make an inspection for sanitary purposes, but that the work should be done by a man who knew his business. He thought all lavatories and water closets should be subjected to an inspection and declared that any citizen should consider it a pleasure and a privilege to have such inspections made in the interest of the health of his family. The city attorney said that his home was open to inspection by a competent man.

Continuing with his statement, Dr. Akerman said that the officers were not instructed to force entrance to any house. He arose, as he said, to a question of personal privilege and told the Board a few things, which they took with never a murmur. Dr. Akerman said that there had been criticism of the health department and health conditions and it looked as if the people were laboring under a misapprehension as to the powers of the City Board of Health and superintendent of health as nobody can be higher than the appointing power. The Board of Aldermen, he said, with one exception had ignored every recommendation made by the City Board of Health since he had been superintendent. The one exception was a matter of detail relative to the arrangement of the office and not in the interest of public health. He then recounted the recommendations of the Board of Health and showed wherein the Aldermen had failed to take favorable action. In this connection he referred to the surface closets' license tax, stating that a two-horse wagon could be driven through the ordinance passed at the last meeting. In other words according to the phraseology of the ordinance any one man could buy up all the 4,000 surface closets of the city and pay a tax of only $2 50 a year on them all. In conclusion he suggested that if the board desired that the health department enforce health laws that laws be adopted that were free from flaws.

Alderman Stone asked Dr. Akerman a number of questions bearing on the reputed bad health conditions of the city. First, he was asked if there were more cases of typhoid fever this year than for the same period of last year, to which Dr. Akerman replied that he could not make a positive statement until all reports are in, but thought that there were some more. A rainy season is an indirect cause for an increase in the number. The main cause, however, is the absence of a satisfactory sewer system, as, in the opinion of the physician, 4,000 surface closets are too many for a town the size of Wilmington. The installation of the new water pipes turning up the earth in nearly every section of the city, may have had something to do with the increased number of cases of fever, if indeed, an increase is shown. A prolific source of danger, especially in Wilmington, is the fly. What Alderman Stone was trying to get was whether or not the physician considered surface closets the sole cause of fever. Dr. Akerman said that it could be caused from water, milk, flies, contaminated foods, uncooked or partially cooked foods, etc.

Dr. Akerman desired it emphasized that the order for the installation of the new sanitary surface closets does not necessarily mean the erection of entire new closets, as some can undoubtedly be remodelled and made to answer the requirements.

Alderman Willard then offered another ordinance relative to sanitary closets, merely changing the phraseology, so that a two-horse wagon or even a one-horse wagon, can not be driven through it, so to speak. There was a heated discussion between Alderman Stone, who opposed the tax, and Alderman Willard. Alderman Stone stated that he was opposed to taxing the people of Wilmington to enrich one concern, the money, he said, coming out of the pockets of the men who make only $8 or $10 a week and not those who get a salary of $200 a month. He was willing for the city to take over the work. The question was then put and carried.

Alderman Stone moved that the city take over the scavenger business October 1st and the proposition was championed by Alderman Willard. Alderman Hall was opposed to the proposition until plans and specifications for doing the work were put before him. Alderman Stone said the work would be done in a business-like manner, carried on just like any other department of the city. Alderman Hall did not believe the city could take away the license of scavengers without cause. Alderman Bonitz offered a substitute that a committee of three be appointed to consult with officials of the city, those who do the bookkeeping, and work out a plan by which the work can be done by the city and then make report to the board.

City Attorney McClammy asked to be allowed to make a suggestion in this connectionfi which was to the effect that a committee be appointed to draft an amendment to the city charter, to be introduced in the next Legislature, abolishing the numerous Commissions and putting the affairs of the city under the control of one body. Alderman Bonitz favored the Commission form of government, but he was afraid that if such a bill should go through the Legislature one would read in his morning paper, toward the close of the session, where a new commission had been created with full authority over the first one. The city attorney assured him that he need have no fears along that line. Alderman Yopp entered objection to consideration of an ordinance relative to the scavenger business and the matter went over.

At the request of Alderman Ellis the board appropriated $500 to purchase some wooden pipes, and also appropriated $1,000 to put in a line of pipe on Ann from Second to the river so the city can cut loose from the sewer on Mr. Thos. Bagley's property.

Favors Commission Form.

Upon motion of Alderman Stone the Board went on record as endorsing the remarks of City Attorney McClammy relative to the consolidation of the several commissions, making one governing body for the city of Wilmington, and also that a committee of three be appointed to draft the proposed amendment to the charter. Mayor MacRae appointed on this committee Aldermen Stone, Bonitz and Hall.

At the suggestion of Alderman Fales the Streets and Wharves Committee was instructed to repair the wharf below the market house.

New Fire Station Proposed.

Another important matter was brought to the attention of the body by Alderman Stone. This came under the head of public buildings. He stated that the Fourth and Princess street fire station house was in a very bad condition, as every one knows and that some time ago an estimate on a new building was secured. However, since that time there has been a movement to have a fire station in the down town district, and the livery stable property, on Second, between Princess and Chesnut, had been suggested as being the place. He thought that with an expenditure of $3,000 the building could be put in condition for the fire house. The property at Fourth and Princess could be sold and the money thus received could be paid on the Second street property. Upon motion the Mayor was authorized to appoint a committee to confer with committees from the Police and Fire Commission and the Board of Audit and Finance with reference to the matter.

Alderman Hinton offered an ordinance to the effect that on and after September 1st newsboys be not allowed to sell daily newspapers, except those published in Wilmington, on the piazzas of hotels and other public buildings unless they have a badge, only two of which can be issued to any one newsdealer of the city. The ordinance was adopted without discussion.

The board confirmed the action of the Water and Sewerage Committee in awarding to Mr. T. W. Callihan the contract to sink five deep wells in the city, the locations of which were previously given in The Star. Upon motion of Alderman Fales the near-beer license of J. J. Farrow was revoked.

Alderman Bonitz aired his views relative to the action of the Police and Fire Commission in allowing the city policemen to go to Wrightsville Beach to preserve order during the recent Congressional convention. He declared that the Commission, or whoever sent the officers, were usurping the powers of the Commission, as the Mayor, the Chief Executive of the City, had not been consulted in the matter. A rigid investigation should be made, he said, and the salary of the officers for the day they were on the beach should not be paid by Wilmington, but by Wrightsville Beach. It was learned from a reliable source after the meeting of the Aldermen, that the officers who went to the beach to "suppress an incipient riot," as Alderman Bonitz called it, were not paid by Wilmington, but by the Town of Wrightsville Beach.

Alderman Hinton stated that he had received a communication from the Water and Sewerage Commission asking for payment of $7,000 for hydrant rents. He had talked with members of the Board of Audit and Finance and they intimated that it would be useless to send the bill over to that body, as it would not concur in a resolution to pay the money. The Alderman stated that the Commission had "its nerve with it" in making a demand for hydrant rents. No action was taken.

In accordance with the action of the board at a recent meeting bids for furnishing fuel were called for again some days ago and opened last night. The only bid was that of the Springer Coal Co., as follows: Pennsylvania anthracite coal, $6.70 a ton; fire engine coal, $4.80 a ton; Pocahontas coal, $3.20 a ton in car load lots, or $3.75 delivered by carts; wood, cuts any length, $4.90 a cord. The bid of the company was accepted.

The Robt. Portner Brewing Company was refused a license to do a wholesale near-beer business near the S. A. L. depot. Alderman West raised the question that the board could not refuse a license, in view of a recent decision of the Supreme Court in a case sent up from Charlotte and

FAVORS COMMISSION FORM

(Continued From Page Five.)

Greensboro, City Attorney McClammy gave it as his opinion that the matter of granting license was optional with the board by reason of the ordinance adopted relative to same. Alderman Yopp stated, as he has often stated before, that he did not think any license tax should be imposed; in other words, he did not think the Aldermen should license such places.

Upon motion of Alderman Hinton the clerk was instructed to write the Tidewater Power Company asking that a public station with conveniences be established in one of the rooms of the Woolvin building which will be occupied by the company after October 1st.

Steljes & Co., was granted license to do near-beer business at 920 Market street, the application being represented by A. J. Marshall, Esq. Jennie Woods, No. 1308 North Fourth street, was granted license to conduct a restaurant, as was also S. G. Long at 11th and Market streets.

The board adjourned shortly after 10 o'clock, after being in session nearly two and a half hours.

The Street Commission reported warrants drawn during the month amounting to $1,313.53. City Clerk and Treasurer Fowler reported that on July 1st there was a balance in the treasury of $51,837.82; total receipts during month, $5,140.68; making grand total of $56,978.50; disbursements, $13,520.23, leaving a balance of $43,458.27.

The report of Dr. Joseph Akerman, city superintendent of health, which, as stated above, is not yet complete in some particulars, was as follows: Deaths during month, 55; white, 27; colored, 28; births, 40, 31 colored and nine whites. There was one case of diphtheria during the month; there are now four cases of scarlet fever; two of smallpox and there were 27 new cases of typhoid fever. There were 53 fumigations and 330 orders for disinfectants.

REGULAR REGATTA YESTERDAY

One of Prettiest Races Ever Seen at Wrightsville Beach Sailed Yesterday—Young R. C. Davis the Winner.

With a splendid easterly breeze, the third race of the season of the Carolina Yacht Club in the contest for the Jones-Walters trophy was sailed in Banks' Channel yesterday afternoon, and it was pronounced by many yachtsmen to have been the prettiest race run under the auspices of the club. The race began at 5 o'clock and the course was lined with interested spectators.

Those in the race were R. C. Davis, the 16-year-old son of Junius Davis, Esq.; Capt. E. A. Metts, Col. John VanB. Metts, Messrs. O. A. Wiggins, B. H. Bridgers, A. B. Skelding, Irving Corbett and J. S. Brown. The judges were Messrs. F. A. Lord, Junius Davis, Jr., and John K. Williams.

Col. John VanB. Metts had a lead of 55 seconds over his competitors at one time and it looked as if he was sure to win the race, but he struck the hotel buoy in a calm and had considerable trouble in getting his boat around, being overtaken and passed at this point by other boats. When the race began the first two or three buoys were turned by the boats within a minute of one another.

At the close there were six boats in the race. Young R. C. Davis won, his time being 1:33:33, with Capt. E. A. Metts taking second place. Young Davis took the boat over to the club house for one of his older brothers to use, but as they did not enter the contest he decided to go in himself and it is stated that he displayed remarkable skill in the management of the craft. It was the first time the boat ever won first place in a race, it was stated.

The race was over the regular eight mile course and the six boats in to the last finished within 1 1-2 minutes of one another.

The fourth race in the contest will be sailed Saturday afternoon, August 13th, leaving two more races to be run. Capt. E. A. Metts is leading at present with 26 per cent., while Col. John VanB. Metts is second with 25 per cent.

HOT-WEATHER DIARRHEA

In the summer people of all ages are very subject to "running of the bowels." Germs get into the food or water, find their way into the intestines and keep irritating them so that there is a constant desire to have movement. It is very weakening, destroys appetite, disturbs sleep and produces an itchy feeling that many suppose to be piles. There are many "quick cures" for this aggravated form of dysentery, but they usually contain a narcotic, and that is dangerous. Others try salts and laxative waters, but they have no permanent effects. It takes a remedy with ingredients such as are combined in Dr. Caldwell's Syrup Pepsin to drive out the trouble-causing germs, to clean out the intestines, to strengthen the stomach and enliven the liver. Ordinary remedies cannot do this, but it is a well known fact that Dr. Caldwell's Syrup Pepsin does do it. Thousands use it every summer for this very purpose. Go to your druggist today and buy a 50 cent or $1.00 bottle and see what it will do for you. It is guaranteed to do what we claim or money refunded. It has enabled thousands of families to cure themselves of simple ailments. If you have never tried it send your address for a FREE SAMPLE BOTTLE to

YOUNG MAN BADLY SCALDED

Peston Henry Fearfully Burned by Steam From Boiler at Saw Mill in Brunswick County—May Recover.

News reached Wilmington yesterday to the effect that Mr. Preston Henry, 24 years old, son of Mr. J. S. Henry, who resides near Town Creek, Brunswick county, was fearfully scalded by steam and hot water from a boiler at the saw mill owned and operated by him and his father, a short distance from their home, about 10 o'clock yesterday morning, and a report from his bedside at 7 o'clock last night was to the effect that while his condition was regarded as serious, there are hopes of his recovery.

Young Henry was the fireman of the mill and had just finished "blowing out" the boiler and was in the act of shutting off the exhaust pipes, when a tape on one blew off, a large quantity of steam and hot water striking him on the legs with such force that he was thrown violently to the ground, where he lay for a few minutes until assistance arrived. In the meantime practically his entire body was subjected to the steady outflow of steam and hot water. According to the report received here he is badly burned all over his body. There were over 100 pounds of steam on at the time of the accident.

The young man did not seem to realize his serious condition, probably due to the shock, and walked to the family home about a hundred yards from the mill, where he was later attended by Dr. Goodman of that community. As stated above, the young man's condition is regarded as serious, but his friends and loved ones have not given up hope of his ultimate recovery.

NEGRO MAN INSTANTLY KILLED

Fatal Accident on Town Creek Railway & Lumber Co., Road Yesterday Morning—Loaded Car Went Into Trestle.

John Waddell, colored, aged 55 years, who lives near the plantation of Mrs. D. L. Russell, in Brunswick county, was instantly killed about 9 o'clock yesterday morning when the flat car on which he was riding was overturned on the trestle across Jaques' Branch, beyond Town Creek, on the Town Creek Railway & Lumber Company, by which the negro was employed. News of the fatal accident reached the city early yesterday.

According to the information received here the negro was one of several employed on the material train of the railroad and was riding on a flat car loaded with rails to be used in extending the line of the company toward Southport. The train consisted of an engine and two cars. The trestle was a temporary affair, constructed mainly for the purpose of conveying materials to the opposite side of the branch, and it is thought that the recent rains undermined some of the superstructure, causing the improvised bridge to give way yesterday just as the car on which the negro was riding ran upon it. The other negroes on the same car saw the danger in time to jump and escaped uninjured, but Waddell was either ignorant of what was about to happen or did not have time to follow his companions' lead. The car, so it was stated, was overturned and the life of the negro instantly crushed out. The coroner was summoned to make an investigation, but the result was not learned here. It is understood that only one car was affected by the accident.

If so, you will earn the gratitude of one who is not ordinarily a KICKER.

Negro Still at Large.

Despite the efforts of the police, Henry Flood, colored, who shot and seriously wounded Mary Lee Brown, colored, in Sun Side restaurant, No. 11 Market street, Saturday afternoon, is still at large. It is believed that he has left the city and telegrams have been sent to officers in nearby towns by Chief of Police Williams. The Brown woman, it is thought, will recover, unless complications arise. Sarah J. Russ, the colored woman who conducts the restaurant, has been arrested for keeping a disorderly house, a number of complaints having been received from the place, and she will be given hearing some time this week.

COTTON MARKET RULED FIRM

Attention Was Centered on Weather and Crop Reports—Improvement in Cotton Goods—Government Report.

New York, Aug. 1.—The cotton market ruled generally firm today as the result of continued drouth in the Southwest, improvement in the cotton goods market and expectations of a government report on Tuesday showing a deterioration approximateing 5 per cent. The close was steady at a net advance of 4 to 10 points.

The market opened steady. August and September 2 to 3 points lower and new crop positions generally 1 to 5 points higher. In the absence of cables attention was centered on weather and crop accounts. Over Sunday, reports both official and private, failed to show more than an unimportant break in Southwestern drought conditions, Oklahoma having a few scattered showers, while Texas remained dry and hot.

Local press reports indicated that rain is urgently needed within a few days if material deterioration is to be prevented. The firmer tendency of the market was given impetus also by improved demands for cotton and yarn goods, particularly among Southern mills, where a large business is alleged to have been refused recently on account of failure of buyers to raise prices. Local selling was aggressive at times, apparently in an effort to force liquidation before the publication of the government report, but these offerings were promptly obsorbed largely by trade interests and prices moved slowly upward almost from the start. Fall River cotton men were in the local market buying spot cotton from stocks owned by the Southern bull operators. The average guess of cotton exchange members of crop condition was 75.6. Southern markets were generally unchanged for the day. The Liverpool market will open tomorrow. The private condition market will be published early Tuesday morning and the figures will be published at 12 o'clock noon.

Receipts of cotton at the ports today 761 bales against 3,377 last week and 2,674 last year; for the week 18,000 bales against 20,780 last week and 10,257 last year. Today's receipts at New Orleans 86 bales against 220 last year, and at Houston 236 bales against 438 last year.

Spot cotton closed quiet, 5 points lower; middling uplands 15.25; middling gulf 15.45; sales 7,000 bales. Cotton futures steady at close.

DEMONSTRATION NEXT WEEK.

The first of the Demonstrations and Lectures on Domestic Science by Mrs. J. M. Whitted will be given Monday morning in the new Woolvin building on Princess street. These Lectures and Demonstrations will be held twice daily, the first three days at 10:30 A. M. and 4:30 P. M. and the last three days at 4:30 and 8:30 P. M.

By arranging the hours in this manner Mrs. Whitted is sure that all can attend at some time during the week, and all house-keepers should avail themselves of this opportunity of hearing one of the leading lecturers of this country. All of the tempting menus prepared by Mrs. Whitted will be given those desiring them, and she will be pleased to give recipes for almost anything you might wish to make.

It will be of special interest to Wilmingtonians to learn that Mrs. Whitted is a native of this State, and has won an enviable reputation for herself in the Lecturing and Demonstrating field. She ranks today as one of the foremost exponents of Domestic Science and Culinary practice, and all should hear her. **

They Have a Definite Purpose.

Foley Kidney Pills give quick relief in cases of kidney and bladder ailments. Mrs. Rose Glaser, Terre Haute, Ind., tells the result in her case "After suffering for many years from a serious case of kidney trouble and spending much money for so-called cures, I found Foley Kidney Pills the only medicine that gave me a permanent cure. I am again able to be up and attend to my work. I shall never hesitate to recommend them." Robt. R. Bellamy.

The Best Hour of Life.

is when you do some great deed or discover some wonderful fact. This hour came to J. R. Pitt, of Rocky Mt., N. C., when he was suffering intensely, as he says, "from the worst cold I ever had, I then proved to my great satisfaction, what a wonderful cold and cough cure Dr. King's New Discovery is. For, after taking one bottle, I was entirely cured. You can't say anything too good of a medicine like that." It's the surest and best remedy for diseased lungs, hemorrhages, lagrippe, asthma, hay fever—any throat or lung trouble 50c, $1.00. Trial bottle free. Guaranteed by Robt. R. Bellamy.

STOCKS DULL AND LISTLESS

Hesitation About Pursuing Operations on Either Side of the Account on the Market Yesterday—General Conditions.

New York, Aug. 1.—The speculation in stocks developed constraint today and there was hesitation about pursuing operations on either side of the account. The selling of the kind which caused the reaction of the latter part of last week was much less aggressive and the bears were correspondingly timid about extending themselves. Demand appeared insufficient on the declines to hold them in check. The stock market, as a consequence, was a dull and listless affair, but ended at declines.

This was due partly to the closing of the London Stock Exchange for a holiday. The demand from tha source was so important an element in rallying prices from the acute depression of the latter part of last week that speculators were indisposed to pursue operations in the absence of information on the immediate attitude of London buyers to American stocks.

The easing of the call loan rate affects the position of the bear party to some extent by reducing the supply of stocks offered in the loan crowd, the direct borrowing of money being possible on more attractive terms than by the lending of stocks. The demand from the shorts to cover had some incentive from that cause, the copper stocks especially feeling the effect.

The constraint on the speculation came partly from the uncertainty of the crop outlook. Reports of showers at some of the points where rain is needed affected both the cotton and corn markets today. Confidence was lacking that the relief was effectual. In the opening weakness of the market, Pennsylvania was affected by the reduction in net earnings reported for June the gross being overbalanced by the increased operating cost. The stock rallied on the declaration of the regular quarterly dividend. Some of the other standard railroad stocks also benefitted from increased confidence in the maintenance of the dividend rates.

The decline in Chesapeake and Ohio during the day's session was taken to represent an attitude of suspicion in the speculation which is the outcome of the Pearson syndicate episode but analogies were also applied to other projects of railroad extension and combination. Another back-current in the speculation from the Pearson syndicate settlement was the weakness of several bonds of some of the railroads, the control of which is was thought might be involved in that settlement. The strengthened auspices thus promised for these railroads, it was thought, should operate to increase the security of the bonds. Their decline throws the situation open to question. Bonds were irregular. Total sales par value $1,295,000. United States bonds were unchanged on call. Total sales stocks today 381,400 shares.

AWAITS REPORT ON COTTON.

Market Nervous and Inclined to Cover. Liverpool Holiday.

(Special Star Telegram.)

New York, Aug. 1.—The shadow of the bureau report is over the market today and the bear element in view of the possibility of an estimate of 75 or below has been nervous and inclined to cover. The holiday in Liverpool has restricted trading, but the local interest has kept the market fairly active and higher. Reports to the Journal of Commerce from Texas and Oklahoma are good, the weather reports show continued high temperatures in Texas, but the approach of the large movement of the coming crop deters more general buying, as prices are relatively high, and the short interest is not extensive. In fact, to many the market seems overbought through the effect of the late July manipulation.

TRIAL OF F. C. WATKINS.

Second Trial Begins August 8th—Another Murder Case.

(Special Star Telegram.)

Asheville, N. C., Aug. 1.—With the convening of Superior Court for the trial of criminal cases today, Judge W. B. Council, presiding, the case of State against F. C. Watkins, the Black Mountain constable, who lacking only a few days of a year ago, shot and killed John H. Bunting, a young Wilmington traveling man at the Gladstone Hotel, was set for trial for the second time on August 8th. Both sides are ready for trial. It is recalled that the first trial last October resulted in mistrial.

Following the return by the grand jury of a true bill in the case against J. B. Allison, charged with killing Floyd McGee, the patrol wagon driver about a month ago, a special venire of 100 men outside of Asheville township was drawn. The case is set for trial Thursday.

THE DRY GOODS MARKET.

New York, Aug. 1.—The dry goods market opened with market conservatism in nearly all lines. Recent cotton goods advances held steady. Dress goods are quiet and are affected by the strikes among cloak and suit makers. Raw silk is fairly steady. Many buyers are in the market and are operating cautiously.

The messages from the merchants are always interesting—and usually affect the "state of your purse."

ROOSEVELT MAKES REPLY

Plain Statement in Regard to the Gubernatorial Fight.

San Francisco, Aug. 1.—The Bulletin today prints this telegram from Colonel Theordore Roosevelt which it says was in answer to a message informing him that his recent telegram to Phillip A. Stanton, concerning the gubernatiorial fight, was being distorted.

"Oyster Bay, N. Y., July 30, 1910.

"Fremont Older, San Francisco.

"It is simply nonsense to suppose that my statement has any other than its face value. It is impossible to twist it and it needs no supplementary statement whatever of any kind or form. It was the statement in the Johnson papers that I had sent Pinchot to speak for Johnson which rendered my statement imperative. I refuse positively to make any statement in favor of Stanton in spite of his past services in the Japanese matter and it is equally impossible to make a statement on the side of Johnson though I fully appreciate Johnson's attitude. All you have to do is to take my flat statement of yesterday and you can construe in the only way it can possibly be construed.

(Signed.)

"THEODORE ROOSEVELT."

LEE STATUE TO REMAIN.

Wickersham's Opinion Rebuke for G. A. R.—Taft's Approval.

Beverly, Mass., July 31.—President Taft has approved, without comment, an opinion by Attorney General Wickersham to the effect that there is no provision of law by which the statue of Gen. Robert E. Lee, in Confederate uniform, can be removed from Statuary Hall in the Capitol at Washington.

In addition to deciding the question on a purely legal basis, Mr. Wickersham argues the matter from an ethical point of view, declaring that Lee has come to be regarded as typifying all that was best in the Cause to which he gave his services and the most loyal and unmurmuring acceptance of the complete overthrow of that Cause. That the State of Virginia should designate him for that place in Statuary Hall as one illustrious for distinguished military service, the Attorney General declares, is only natural and would be under the reading of the law.

Mr. Wickersham's opinion was called forth by protests to the President from the department of New York, Grand Army of the Republic.

KILLED BY LIGHTNING.

Mr. Hardy Stallings Victim in Severe Storm Near Washington, N. C.

(Special Star Telegram.)

Washington, N. C., Aug. 1.—Reports coming to the city today state that a Mr. Hardy Stallings, of this county, was killed instantly by a stroke of lightning during a very severe electrical storm that passed over this city and county late Saturday afternoon. It seems that Mr. Stallings was sitting in his cart in front of his home at Woolards' cross roads, about two miles from this city, when the flash came killing him instantly and also killing the mule which he was driving. Upon examination two large bruises were found on his head and several burns and bruises on his body.

He was a son of Mr. Jake Stallings, of this county, and universally liked by all who knew him. The deceased was about 35 years of age.

KILLED BY HIS GUNNER.

Captain in Canadian Army a Victim. Slayer Caught.

Victoria, B. C., Aug. 1.—Capt. Peter Elliston, commanding the Royal Canadian army in the Esquimaux garrison, was shot and killed today by Gunner Thomas Allen, of his company.

Allen, who had been recently punished for a military offense, waiting outside the company office this morning and when Capt. Elliston came out Alen shot him through the neck. After the shooting Gunner Allen went to the woods where he was captured by a squad of soldiers sent in pursuit.

WORLDWIDE SEARCH ENDED ON SUNDAY

(Continued From Page One.)

"I was one of the first to discover by her neat methods in her room, her way of walking and her effeminate figure, that 'John Robinson Jr.' was a woman. Then we discovered that the labels had been torn from the younger Robinson's hat and soon Capt. Kendall was convinced that he had the much-sought fugitives aboard. The pair spent most of their time in their cabin and shunned the other passengers so far as possible."

Alfred Smith, the dining room steward, told how Crippen had maneuvered to keep Miss Leneve seated by him at the table.

He said that Crippen asked for two seats at the captain's table side by side and next to the wall so that no one could sit by Miss Leneve other than himself.

"My boy is a little deaf," he told the steward and after some argument succeeded in getting the desired seats. In this way he prevented any passengers engaging the girl in conversation at the table and betraying her sex by her voice.

Arthur Homer, of Montreal, one of the few English speaking passengers aboard, came perhaps in closer contact with the pair. Homer says that Crippen and Miss Leneve used to drink on an average of three bottles of beer a day and he had thought it strange that a father should allow a young son to touch intoxicants.

Father of Accused.

Los Angeles, Cal., Aug. 1.—Bowed down by years and broken by the ordeal of his son's flight and arrest on suspicion of having killed his wife, M. A. Crippen, father of Dr. Hawley H. Crippen, presents today the most pathetic figure of the case that has engrossed the interest of two continents.

"I have not the money to go to Hawley, but if I had I would gladly go and be of whatever consolation I might to to him," said the suspect's father today.

"I have not received any word from him and do not expect to. It is hard to have to be alone and suffer, but I don't think it will last long. I am not long for this world now, and since this trial has come to me I have not had a single day of good health.

"They can't prove anything on Hawley. They can't even prove that Belle Elmore is dead. Why should I believe him guilty? I know he would not do such a thing. It passes belief. I may never know the truth, as I don't feel I can stand this worry much longer. I feel as if I would like to go away alone and die. I did my best to educate Hawley and his son. I did the best I could and now in my old age I am alone and overwhelmed by this disgrace."

SPAIN AND VATICAN.

Spanish Ambassador Leaves Rome—The Strained Relations.

Rome, August 1.—One hour after presenting the note of Premier Canalejas to the Vatican officially, announcing that Marquis DeOjeda had been "called to Madrid for a communication from the government," the Spanish ambassador to the Vatican left Rome. This was early this morning and as yet no retaliatory measures have been taken by the church and Mgr. Vico still remains in Madrid as papal nuncio.

The statement issued by Premier Canalejas yesterday bearing on the controversy between the church and the State has been carefully perused by the Vatican officials, who wish it to be clearly understood that that part of the statement in which it is declared that the Holy See intended to concede to the Spanish government less than what was agreed to in 1904 is without foundation in fact. It is Canalejas, they declare, who now wants greater concessions than those of 1904, on the plea that they were granted to the then Premier Maura and that Canalejas believed them to be at that time insufficient.

In answer to this the Holy See retorts that it deals with the Spanish government, not with parties in the cortes. The convention between the Holy See and the Spanish government agreed to in 1904, it is pointed out, had already been approved by the Senate and was about to pass the Chamber of Deputies when the Maura cabinet fell. This, however, was due to matters having relations to the convention or to the religious question. Why, then, the Vatican asks, should greater concessions be granted to Premier Canalejas now?

Cardinal Merry del Val, the papal Secretary of State, has prepared all the documents in the controversy for publication in a white book, if the Premier issues a red book on the subject.

ARRESTS HORNET'S MASTER.

Charged With Violating United States Neutrality Laws.

New Orleans, Aug. 1.—Capt. W. O. Moon, master of the converted yacht Hornet, was arrested this afternoon on a Federal warrant sworn out by the local representative of the Madriz government, charging him with violating the United States neutrality laws.

Similar charges against the master of the Madriz steamer Venus were dismissed when the Venus cleared for Nicaragua several months ago. Capt. Moon was released on a $5,000 bond and will be tried by the United States commissioner tomorrow morning.

In the papers which the ship owners filed when they attempted to clear the ship this afternoon was a report that the Hornet had aboard nine cases of shot guns, four boxes of machine guns, 147 cases of cartridges, 41 drums of gasoline and a lot of flour, rice, lard and sugar

FLED TO NORTH CAROLINA.

Thomas Shelton Killed Tennessee Man and Escaped.

Bristol, Tenn., Aug. 1.—Robert Reeves, a prosperous farmer of Horse Creek, in Green county, Tenn., was shot by Thomas Shelton, near the former's home last night and died this morning. Shelton and a younger brother of Reeves, were engaged in a fight when the older brother interfered. Shelton shot him and disappeared. A sheriff's posse is searching for Shelton, who is believed to have crossed the mountains in the direction of his home in North Carolina.

JNO. G. CARLISLE PASSES.

New York, July 31.—John G. Carlisle, former Secretary of the Treasury, who had been critically ill for the past two days, died at his apartments in New York at 10:50 o'clock tonight of heart failure, accompanied by oedema of the lungs.

An intestinal complaint of long standing, which wore down his vitality, lay behind the technical fact of heart failure. He was attacked last spring by the same trouble, complicated by an ailment of the kidneys, and for a time hovered near death. But his remarkable vitality triumphed then, as it seemed it might even in the illness which ended tonight.

John Griffin Carlisle was born in Kenton county, Ky., on September 5th, 1835. He was educated in the public schools, later studied law, and was admitted to the bar. Always a consistent Democrat and interested in public affairs as a young man, and finally graduated into national affairs.

From 1877 to 1890 he was a member of the National House, and from 1883 to 1889 was Speaker of the House. He resigned to fill the unexpired term of James B. Beck in the United States Senate, from which he again resigned in 1893 to become Secretary of the Treasury under President Grover Cleveland.

SMALL TOWN FIRE SWEPT.

Portion of Pantego Totally Destroyed. Negro Drowned.

(Special Star Telegram.)

Washington, N. C., Aug. 1.—A very destructive fire took place in the town of Pantego, in this county, about 30 miles from this city between 3 and 6 o'clock this morning. The fire, it seems, originated in the store of Mr. A. B. Jones, which was totally destroyed. It then spread to the store of Mr. Thomas Whiteley, consuming it, then the postoffice, the large warehouse of the Aycock Supply Company, and a store of Mrs. A. E. Clark, were also considerably damaged. How the fire originated is not known, but it is surmised that it was the work of an incendiary. The total loss is estimated at between ten and fifteen thousand dollars. The only insurance carried was by Mr. Whiteley, who had about $650.

Jim Randall, a colored boy about 12 years of age, was drowned Sunday afternoon while bathing in Runyon's creek, just below this city. Randall went in company with several other boys, none of whom could swim and he happened to jump over, where the water was very deep. His playmates tried to rescue him, but could not. His body has not yet been recovered.

SWANSON GOES TO SENATE.

Former Virginia Governor Successor to Late Senator Daniel.

Richmond, Va., Aug. 1.—Former Governor Claude A. Swanson, of Chatham, will occupy the seat in the United States Senate made vacant by the death recently of Senator John W. Daniel. Gov. Mann today signed the formal commission appointing Mr. Swanson for the unexpired term which will end March 3rd next.

Formal notice of Mr. Swanson's appointment will be given to him tomorrow at Surry court house when he rises to deliver a speech at the unveiling of a Confederate monument. The former governor's friends are planning to attend in force and make of the occasion a ceremony of note. There was practically no opposition to the selection of Mr. Swanson for the senatorship. He was serving as a member of Congress when he was drafted by the Virginia Democrats a few years ago to run for Governor. He will be a candidate for the full term to succeed himself.

Both Mr. and Mrs. Swanson are prominent socially in Richmond and Washington.

THE SOUTHERN NATIONAL BANK

AMERICANS IN HONDURAS.

Battles Will be Fought Under Their Leadership—Revolution.

New Orleans, Aug. 1.—That the revolution which former President Manuel Bonilla is promoting in Spanish Honduras will be fought largely under the leadership of Americans, is the belief of passengers arriving here today on the steamer Bluefields from Ceiba. Gen. Gabe Conrad, the young American, who was badly wounded while fighting for Estrada in Nicaragua, has joined Bonilla's forces. Declaring that Estrada no longer needed him, Conrad, with a small force of American sharpshooters, left Nicaragua for Honduras a week ago, landed near Ceiba and made his way into the interior. He will have command of Bonilla's machine guns. Gen. Lee Christmas, another American, joined Bonilla before Conrad.

Passengers do not share in the belief that the uprisings which were recently suppressed at Puerto Cortez and Ceiba were premature. They say that Bonilla brought them about in order to get possession of the arms, which are kept locked up in arsenals during peace as a precaution against their being seized by would-be revolutionists. Bonilla, they say, believes that he has the sympathy of a large majority of the population and that the government troops will desert to enlist in his cause.

ROOSEVELT ON A TRIP.

Touring New Jersey and Pennsylvania in an Automobile.

New York, Aug. 1.—Theodore Roosevelt left New York early this evening on a four days' automobile tour of New Jersey and Pennsylvania. It was not his intention to permit news of his journey to become known and he refused to talk either of his destination or the object of his trip.

An enterprising automobile agent was the cause of the colonel's discomfiture. He called up every newspaper office in town and asked that protographers be sent to the Colonel's editorial offices to make pictures of the departure. Mr. Roosevelt was very much annoyed, but would not expand on the bare fact that he is to be gone four days. Lawrence Abbott, a son of Dr. Lyman Abbott, accompanied Mr. Roosevelt.
